APPENDIX 1

DESCRIPTION OF THE BUSINESS

See attached.

DESCRIPTION OF THE BUSINESS

Valley View Downs is a proposed state-of-the-art \$428 million racing, gaming and entertainment facility. The 250,000-square foot development will feature harness racing on a one-mile oval, as well as a three level building featuring a 75,000 square foot gaming floor for 3,000 slot machines, fine restaurants, concession stands, a race book "tele-theater" to view races simulcast from other venues, lounges and an outdoor terrace. The facility will be located on a 250 acre site located in Lawrence County approximately 49 miles northwest of downtown Pittsburgh. The site provides an excellent location to enhance tourist, entertainment and recreational activities. Geographically, the site is easily reachable from all major population areas in Western Pennsylvania, Eastern Ohio and West Virginia. The project will provide an innovative, first class gaming and entertainment environment while showcasing live harness racing in a manner designed to spawn new horse racing fans.

The property is to be organized in a manner that provides for convenient patron access to the Clubhouse/Grandstand/Casino as well as for employees and horses going to the backstretch area. The site is composed of three main areas. Area One is the Grandstand/Clubhouse/Casino and Harness Paddock and Related Parking. Area Two is comprised of Backstretch Facilities and Related Parking. Area Three is the Racetrack.

The construction and operation of the facility will generate (1) an estimated 1,600 construction jobs (primarily union labor) and (2) more than 1,500 permanent, full time jobs with a combined payroll of approximately \$42 million per year.

The applicant will create new jobs not only at its own facility and on breeding farms throughout the state, but also additional jobs in the associated hospitality, restaurant and tourism industries. Additional employment at the Applicant's facility and the significant enhancement to the creation of permanent jobs of high quality, with commensurate wages and benefits, will create much needed economic development opportunities in an economically depressed region. The new facility will position Lawrence County as a major entertainment destination, generate economic activity and create a positive future for the local area. The Applicant is committed to providing employment opportunities to the residents of Lawrence County and the surrounding areas, including Beaver County. The Applicant is committed to union labor.

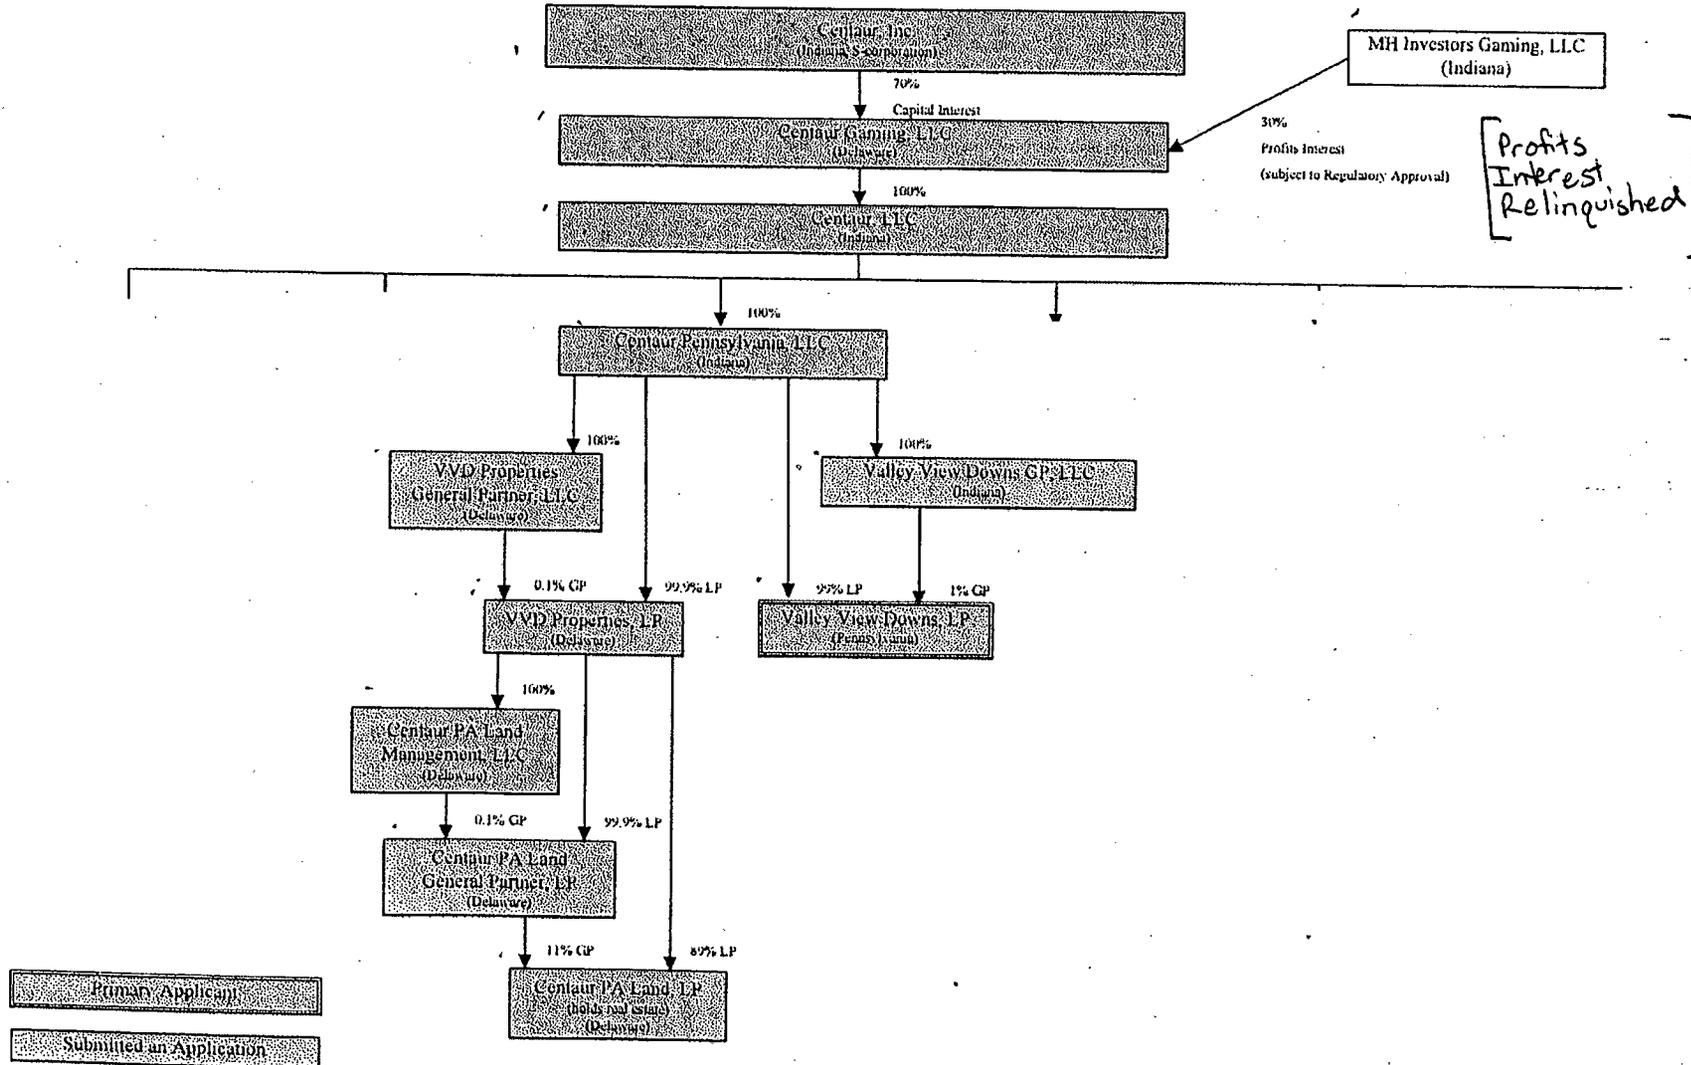

The Applicant expects the facility to draw a majority of its patrons from the Pittsburgh, Cleveland, Youngstown and Columbus areas, retaining Pennsylvania entertainment dollars and attracting revenue from other states as well. Please see the attached excerpt from the Cummings Associates Report for a discussion of the Applicant's performance projections that take into consideration facilities in Pennsylvania and West Virginia.

Relationship between Applicant and affiliated entities

RE: Mahoning Township Zoning Ordinance

Dear Mr. Bayt:

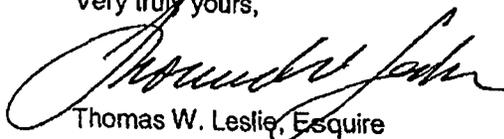

In response to your question regarding the Mahoning Township Zoning Ordinance Section 308.370 subparagraph a, please be advised that I have reviewed that Section which lists several examples of commercial recreation including stadiums, arena's, amphitheater, race tracks etc.

While I note that the term casino or racino are not used in that Section, it only because slot machines were not legal in the Commonwealth of Pennsylvania at the time that this was passed.

As Solicitor of Mahoning Township, it is my Opinion and the understanding of the township officials that a casino is clearly commercial recreation under the definition as that is set forth in the Ordinance and further, under 308.370 (a), a casino or racino is certainly a use of the types that are specifically listed.

If you have any further questions regarding this matter, please call me.

Very truly yours,

RE: Mahoning Township Zoning Ordinance

Dear Mr. Bayt:

In response to your question regarding the Mahoning Township Zoning Ordinance, I have reviewed Section 308.370 Commercial Recreation subparagraph g.

As you are aware, that subsection states that any outdoor facility located within two hundred (200) feet of an existing dwelling has to cease operations at ten-o'clock on Sundays through Wednesdays at eleven o'clock on Thursdays through Saturdays.

Please be advised that the Mahoning Township interpretation of this restriction is that the two hundred (200) feet is measured from the outdoor recreational facility itself to any residence that is currently in existence.

By way of further explanation, if the outdoor commercial recreation facility is two-hundred (200) feet from the boundary line of the property on which it is located, this restriction would not apply.

In addition, if the outdoor recreational facility is located closer to its property boundary line than two-hundred (200) feet, the restriction still does not apply unless there is actually an existing residence within that two-hundred (200) feet from the facility itself not the boundary line.

I hope this answers your question, if you need further clarification, please contact me.

Very truly yours,

Thomas W. Leslie, Esquire

In cases in which the normal grade cannot reasonably be determined, sign height shall be computed on the assumption that the elevation of the normal grade at the base of the sign is equal to the elevation of the nearest point of the crown of a public street or the grade of the land at the principal entrance to the principal structure on the zone lot, whichever is lower.

309.3 - Maximum Total Permitted Sign Area for a Zone Lot

The permitted sum of the area of all individual signs on a zone lot shall be computed by applying the formula contained in Table 309.3B, maximum total sign area, to the lot frontage, building frontage, or wall area, as appropriate, for the zoning district in which the lot is located. Lots fronting on two or more streets are allowed the permitted sign area for each street frontage. However, the total sign area that is oriented toward a particular street may not exceed the portion of the lot's total sign area allocation that is derived from the lot, building, or wall area frontage on that street.

309.4 - Signs in the Public Right of Way

No signs shall be allowed in the public right-of-way, except for the following:

- A. Permanent signs, including: public signs erected by or on behalf of a governmental body to post legal notices, identify public property, convey public information, and direct or regulate pedestrian or vehicular traffic;
