The lower part of the hill needs to be lifted  
revitalized and in doing so people from  
that particular area will have access  
to jobs. Isle of Capri has wonderful  
work policies and employee relations  
ships. Their employees are their top  
priority. The center of Pittsburgh is doing  
daily culture scene, restaurants,  
hotels, high-rises all of the above  
would thrive better with this

As a person who lives on the lower hill. I think it is vital that Pgh Friest project is chosen by you folks. This project will bring life to this area. It also will help develop the access from oakland to town. I hope my words are not in vain and you take a serious look at Pgh Friest Project. I will also

help give a boost to the  
amount of parishioners the

On Your Side™

May 30, 2006

Office of the Clerk  
Pennsylvania Gaming Control Board  
PO Box 69060  
Harrisburg, PA 17106

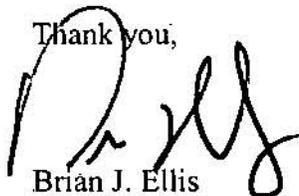

Dear Pennsylvania Gaming Control Board,

Please consider this letter as Nationwide's formal endorsement of the Isle of Capri's application for the Pittsburgh, Pennsylvania casino license. As part of the Pittsburgh First alliance, Nationwide joins the Isle of Capri and Pittsburgh Penguins in support of a plan to locate the proposed casino and sports and entertainment venue (as a result of Isle of Capri's financial pledge) in the Hill District.

Nationwide is one of the world's largest insurance and financial services organizations. With over \$157 billion in assets, Nationwide ranks 98<sup>th</sup> on the Fortune 500 list. Although corporately headquartered in Columbus, Ohio, Nationwide is very active in Pennsylvania with nearly 2000 associates in addition to several thousand agents and staff that distribute our products across the state. In 2005, over \$600 million dollars in direct paid losses were distributed by Nationwide to the citizens of Pennsylvania. From a real estate standpoint, Nationwide has approximately \$650 million invested in the Pittsburgh market today. We have been and continue to be an active real estate investor in the Pittsburgh area with significant investments at the Waterfront and on the North Shore.

Our strategy for the 28 acre, Pittsburgh Arena District capitalizes on Nationwide Realty Investors' proven strength of developing high quality, market-driven projects with a long-term plan in mind as we have done with our \$750 million Arena District development in Columbus, Ohio. Our local plans call for an investment of more than \$350 million to develop retail, restaurants, office, and mixed income homes. Our efforts will generate significant tax revenues for the city of Pittsburgh, and numerous long-term employment opportunities for local citizens. The synergies of locating a casino and sports and entertainment venue across from the 28 acre re-development will allow Nationwide Realty Investors to create an extremely attractive neighborhood for the city of Pittsburgh.

Thank you,

Brian J. Ellis  
President and COO  
Nationwide Realty Investors

DEAR SIR: I'M WRITING TO SAY THAT I BELIEVE THE ISLE OF CAPRI PLAN SHOULD BE THE ONE CHOSEN. IT HAS BY FAR THE BEST PLAN FOR THE PITTSBURGH AREA. THIS AREA NEEDS AN ARENA AND THE LOSS OF A PRO FRANCHISE WOULD BE ECONOMICALLY DEVASTATING TO THE AREA.

The Penguins have been a big part of my life, and it would be a major blow to me and to the city of Pittsburgh if they were to leave. I have read an awful lot about the Penguin / Ish of Capri plan vs. the Marrah's Station Square plan. It is fairly obvious to me that the Penguin's plan has the city's best interest at hand. 23 local government leaders back this plan while none, except for Mr. Rendell endorse Marrah's. Bottom line - Marrah's plan is

meant to make money for Harrah's - What is more  
Station Square does not require any more businesses.

The Hill District run down & in major need of a facility  
the Penguins / IOC plan will pump \$1 billion non-taxpayer  
dollars into the area.

The city is losing young people by the thousands to  
other younger & more upbeat cities - losing the Penguin  
a chance at a state-of-the-art arena (again  
with no taxpayer moneys) will deal this city a major  
major blow. Please do the right thing & give the

slots license to the people who desire it -

The Penguins !!!

I am writing to urge you to support the Pittsburgh First proposal. While keeping the Penguins in Pittsburgh where they belong is an important part of this, it goes way beyond that. The new arena is desperately needed for other forms of entertainment in addition to hockey that will continue to bring much needed revenue and jobs to this community. This building can be used year-round, and provides various types of entertainment for all the people in this city, as well as drawing people in from surrounding areas. The additional development included in the proposal will also create revenue and jobs which will only help to keep people in the city as well as attract others here.

Comments: Page 2 (continued)

I am 44 years old and have lived here all my life. I have watched several family members and friends move out of the city, and they've tried to convince me to do so as well. I have been a Penguins season ticket holder for roughly 10 years so I am very familiar with the Mellon Arena. I also attend several concerts every year at various venues as well as other events. I have also travelled to various other cities to attend sporting events and concerts. I have seen first-hand how various cities have greatly benefited from development projects such as Pittsburgh First is proposing. Visiting these newer arenas only makes the point hit home more dramatically of how we need a better facility here in Pittsburgh. The new development, revitalization of the Hill District and committed private funds to build a new arena is an offer we can't afford to pass up. Finally the location is ~~the~~ much more suitable for the traffic involved with a slot facility. Thank you very much for the opportunity to be heard!

I would like to voice my opinion regarding the placement of the proposed slots casino. I believe that the Pittsburgh First plan is the best plan, not only for the hotel I represent, but for the City of Pittsburgh as a whole. The fact that the group will invest \$290 million to build a new arena to keep the Penguins in town, and to place a first class arena to attract other venues such as the AFL and NCAA tournaments, makes me wonder why any other proposals would even be considered. I can tell you that Penguin games alone provide much needed revenues for the businesses located in and around the lower hill district. The new arena, coupled with a slots casino, would create thousands of jobs for the local population and keep businesses financially stable. The location is very accessible from any area and I believe it was rated as having the best access, as determined by the Pittsburgh Gaming task force. I want to stress, that as a business member of the lower hill district, we need to develop the area to add another tourist "hot spot" for visitors of the city. The north side has two stadiums and many surrounding businesses that are doing very well because of these stadiums. Station Square has multiple spots for customers to be entertained and with the expansion and development of the south side, that area is also a very desirable spot. Why not create another venue with entertainment, eateries and retail development to lure people to Pittsburgh and give them options. Having a slots casino within walking distance of the Convention Center will also be a major marketing tool for meeting planners when choosing Pittsburgh. I believe in the Pittsburgh First plan and feel that it is the only plan for this city.
