

# Pennsylvania Gaming Control Board

## Dealer School Information

Pennsylvania Gaming Control Board (PGCB) regulations require dealer applicants to have dealing experience or training within five years prior to submitting an application. This list details which dealer training schools have been evaluated for compliance with PGCB regulation 58 Pa. Code § 527.2 (relating to minimum proficiency requirements). If you have a dealer training certificate from a school that is not on this list, please contact the human resources office of the casino at which you intend to apply for a dealer position.

NOTE – Unless noted, inclusion on this list does not imply that authorization to operate in Pennsylvania has been granted by the Pennsylvania Department of Education. Pennsylvania community colleges are exempt from this requirement.
