SUBJECT: PROPONENT FOR LAWRENCE COUNTY DOWNS RACINO

MR CHAIRMAN:

I, JOHN R. KOTCHMAR OWNER OF DAIRY 224 FOR 34 YEARS IN MAHONING COUNTY ADJACENT TO THE STATE LINE BOARDING LAWRENCE COUNTY FAVOR THE APPROVAL OF A GAMING LICENSE FOR LAWRENCE COUNTY DOWNS.

MY BACKGROUND INCLUDE STINTS IN RETAIL, MANUFACTURING AND THE MILITARY. I AM A RETIRED MAJOR, U.S ARMY (ACTIVE/RESERVE) AND VIETNAM VETERAN.

AS MANY THAT TESTIFIED IN A RECENT PUBLIC HEARING IN MAHONING TOWNSHIP, I HAVE ALSO FOLLOWED AND SUPPORTED THIS PROJECT FROM DAY ONE. I HAVE PROOF AS BACKGROUND INFORMATION AND ARCHITECTURAL DESIGN OF BEDFORD DOWNS REMAINED ON THE WALL OF MY BUSINESS FOR THE PAST 10 YEARS

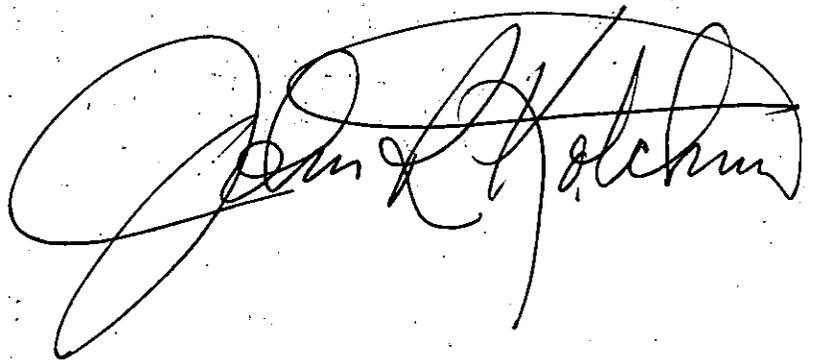

THIS PROJECT IS A WIN!WIN! SITUATION FOR PENNSYLVANIA AS IT WOULD PROVIDE A POSITIVE ECONOMIC IMPACT TO SEVERAL ADJOINING COUNTIES IN THE WESTERN SECTOR OF THE STATE.

THE ONE MILE HARNESS RACE TRACK WOULD ALLOW THIS LOCATION CONSIDERATION FOR THE HAMALTONIAN (SUPER BOWL OF HARNESS RACING) WHICH WOULD BRING MILLIONS OF DOLLARS IN REVENUE TO THE AREA.

THERE ARE MANY WELL QUALIFIED AND DEDICATED BUSINESS LEADERS AND GOVERNMENT OFFICIALS FROM TOWNSHIP SUPERVISORS, COUNTY COMMISSIONERS AND STATE REP THAT NEVER LOST HOPE THAT THIS PROJECT WOULD PREVAIL.

THE UTILITIES ARE IN PLACE, POLICE AND FIRE ARE IN ORDER. INVESTORS HAVE BEEN ALIGNED, LET THE CONSTRUCTION BEGIN.

RESPECTFULLY

Gentlemen:

I am sending you this letter, representing a large group of women, in hopes that I can save everyone some embarrassment concerning the proposed casino for Mahoning Township. These are facts that you should be made aware of. Let me say that our entire group of ladies was originally in support of this casino until the following episodes happened.

I attended a meeting at the Mahoning Township building a few weeks ago concerning proposed gas wells and compressor stations that are planned for the township. Due to the fact that I am not from that township, I was not allowed to speak. We are definitely NOT in support of wells and fracking. The damage the drilling has done across our wonderful country is the most terrible situation that our government has ever created in my 78 years on this earth. The supervisors and the solicitor carried on at that meeting like a bunch of thugs. The day after that meeting, the solicitor, Attorney Lou Perrotta, received lots of bad press from the media attorney of the New Castle News because of how he ran the meeting, and I have been told that there will be lawsuits filed against him and the supervisors. I am one of those who will be filing a lawsuit. A Mr. Olczak, an editor for the New Castle News, also wrote a very nasty editorial concerning how Attorney Lou Perrotta, conducted that meeting.

First of all, as was discussed at the meeting, there are 8 gas wells and 2 compressor stations being built by Hilcorp within a mile of the casino. I feel that the pollutants that will fly freely in the air from those wells and stations will be a detriment to the casino. Those pollutants will surely negatively affect the health of the horses, employees and customers, who will be breathing in all of those dirty and polluted toxins everyday of their lives. One of the gentlemen at the meeting mentioned benzene, toluene and other toxins that will be emitted from the compressor. I know for sure that we will never step foot on the grounds of that casino where we would be breathing in toxins that can kill us or give us cancer. I've been blessed with a healthy life for all of my 78 years, so I won't allow a trip to a casino to cause me health problems that I've never had in my lifetime. I also understand that the road where the proposed casino will be located will be the main traffic road for the compressors and well pads. All of that crazy traffic with those big trucks and drill trucks traveling that road to get to the gas pads on the same road will scare the heck out of us. I have included an article about the effects of drilling traffic has on a community.

Secondly, it is my understanding that one of the supervisors, Mr. Yerropolli, has some type of a criminal record at a federal court in Cleveland, Ohio. One of the ladies in our group, who knows of his family, said that the talk is that he was one of the biggest bookies in our area and is also a partner in the fireworks.

business, which is located across from the township building, with another Mafioso from Florida. It's a darn shame that he can actually hold office. I'm sure that you can do research and discover that what I'm telling you is the truth. So, is this the type of person that your highly regarded company chooses to deal with? I would hope not.

I attended the casino meeting that you conducted at Mahoning Township last month, being in favor of the casino at that time, but after discovering information about Mr. Yeropoli's background, and after hearing about all of the drilling and fracking that will be going on, and finally after witnessing the township solicitor carry on like an "Enforcer," if you know what I mean, our entire group is now against the casino going in at the Mahoning Township location. I'm approaching 80 years old, and all of us as well as our families and other friends were planning on visiting your casino, but our entire group has decided that we don't want any part of breathing in dirty air or visiting a place that a "Mafioso Black Hand" has something to do with, and we will spread the word. We are 40 strong, and we can make a lot of noise. We will all just take the short drive to Austintown to your other casino. The entire area is welcoming that casino with open arms, and I must tell you that I have never seen so much excitement in our area as I see now with that casino. Two of my grandchildren have applied for jobs at that casino, and are thrilled about the possibility of working there.

God Bless you with this new project, and we all wish you success with this casino.

Sincerely,

A Concerned Citizen

Attention PA Gaming Control Board:

I am writing in support of the proposed development of Lawrence Downs and Casino in Lawrence County, PA.

To introduce myself I am the owner of Living Treasures I, inc. which is a zoological gardens on the eastern side of Lawrence County. Our organization was opened in 1992 and is a prime example of a tourism related business which has grown and thrived in Lawrence County. Since I took ownership in 2005 our facility has shown consistent growth in all areas with an attendance increase of more than 300% and sales increase of 450% over this 9 year period. Our annual attendance in 2013 reached 112,000 and our sales surpassed 1.6 million. I understand mine is a small scale operation in comparison to the proposed racino. However, I believe the success of our organization shows proof of the potential for other tourism ventures in our county.

I have been closely following the racino development ever since it was proposed a decade ago. As a small business owner local development of any kind is of much interest. I believe the project has had merit from the beginning as being a gaming facility central to several million people in our region including Pittsburgh, Erie, Cleveland, Youngstown, Canton, Akron and their surrounding populations.

There was no secret of the potential for Ohio to adopt gaming at the time this racino was proposed and the other PA gaming facilities showed little opposition, to my knowledge, of this project when gaming was a fresh asset to the commonwealth. I believe that it is unethical to allow pressure from competing gaming facilities to continue to compromise the livelihood of the Lawrence County site. I am not as well studied as I am sure the members of the GCB are in regards to the sales and profits generated by the PA gaming sites, but I am aware of PA becoming the second largest gaming market in the US. The structure of Gaming in PA is of course much different than that of Nevada. However, it must be considered how the majority of Nevada gaming facilities have continued to exist and thrive in spite of increased competition both locally and across the nation. Where would gaming in Nevada be today if competitors were permitted to stop development of new facilities strictly to protect their bottom-line? Competition is healthy and pushes all businesses to continuously improve operations which is what is necessary for the long-term success of any business venture, gaming included.

There is little doubt that the Lawrence County Racino would already be in operation if it were not for the Nation-wide recession which peaked at the most inopportune time for the developers of this site. It is my strong opinion that this venture which was viewed as a viable business pre-recession continues to be a viable business post-recession. With the natural gas industry continuing to grow and expected to grow for years to come in Western PA, there are few regions in the nation which have the potential for the level of growth and prosperity that we here in Western PA can realistically anticipate.

The previous and current developers of the Lawrence County site and their supporters have shown dedication and sacrificed an exhausting amount of time and resources to keep this project alive through periods of both encouragement and despair. The majority of citizens in Lawrence County and neighboring areas have been in support of this development and continue to show their support through the ups and downs of the project. This is apparent with the financial support the county has offered with the permission of county residents. Penn National Gaming who has control of the nearest gaming site to Lawrence County has shown support by taking partnership in this venture which is a free-market indication that the gaming industry has room for development in our region.

I ask on behalf of myself, Lawrence Downs and Casino, and all of its supporters that the PA Gaming Control Board embrace this project and help head it in the direction of success and fruition. The support and encouragement of your members is required to leverage the financial support necessary to see this development succeed. Allow our region to stake its claim as a leader in gaming nationwide and reap the benefits of positive competition and cooperation which are inevitable if the site is developed. I feel passionately that the outlook for PA gaming and the benefits it brings to the Commonwealth will be strengthened by the development of the Lawrence Downs and Casino.

With respect.

Its been 10 years since talk of Racinos coming to Lawrence County. Every other Racino/casino has gone up in a year or so. What is the hold up? We need this in our area to boost it. People that gamble will go all over to try new casinos or ones they like. Its been too long, we need it now! If we are not getting it, please end it now!

Dear Gaming Control Board:

I am a Pennsylvania State Representative in the 48th Legislative District, home of the Meadows Racetrack and Casino. I am writing this letter to request that you do not issue a gaming license for casino operations in Lawrence County, Pa.

The gaming market in this region is already saturated with casinos in Erie, Pittsburgh, Uniontown and two in West Virginia and several built or being constructed in Ohio. In many casinos year-over-year revenues are down and now on-line gambling is being discussed. There is no need for an additional venue in this region.

The Meadows Casino is a significant employer in my district. They are also a good community service partner, with significant support given to our local food bank, among other things. Please do not jeopardize the financial future of this resource with additional market saturation.

Please contact me if I can answer any questions that you might have.

Sincerely,

Dear Board Members:

I am writing you in regards to the upcoming Public Input Meeting of Endeka Entertainment on May 8, 2014 at Hicksville, PA.

I am not able to attend in person to testify due to other business commitments at that time. But, I would like to add to the record that a Category 1 License requires that a horsemen's agreement must be in place for licensure. The Pennsylvania Harness Racing Commission granted a racing license with the caveat that an agreement from an existing Pennsylvania horsemen's association must be agreed to for the license to be granted.

I bring this to your attention because we believe the Category 1 licenses must comply with all of Act 71.

Thank you, in advance, for your attention to this matter.

Sincerely,

In Regard: Category 1 Casino License for Lawrence Downs Casino and Racing Resort

PA Gaming Control Board:

The Pennsylvania CareerLink® Lawrence County offers strong support for the application by Endeka Entertainment, L.P. to obtain a Category 1 (racetrack) casino license at its proposed harness racing facility in Lawrence County. The racetrack and the proposed entertainment complex would be a major asset to our community's economy.

The designated site is located within one hour of Pittsburgh, PA, two hours of Cleveland, OH, and ten minutes from Youngstown, OH, and within 500 miles of more than half of the U.S. and Canadian population. Interstates in the area - 376, 79, 80 and 76 (The Pennsylvania Turnpike) - make it easily accessible to individuals from these areas.

I am writing to emphasize the positive influence your decision to grant the Category 1 license will have in generating revenue in our community and the surrounding areas. That decision will provide much needed jobs not only to Lawrence County residents but also to other residents of Western Pennsylvania and of Eastern Ohio.

Sincerely,

TESTIMONY OF JOE THOMSON, PRESIDENT
STANDARD BRED BREEDERS ASSOCIATION OF PA

PENNSYLVANIA GAMING CONTROL BOARD HEARING
Lawrence Downs Casino and Racing Resort Casino License

Thursday, May 8, 2014

Thank you Chairman Ryan and Gaming Commissioners for allowing us to provide testimony today. My name is Joe Thomson and I serve as the President for the Standardbred Breeders Association of Pennsylvania (SBAP).

I am here today on behalf of the 500 horse breeders invested in Pennsylvania's harness racing industry who we have been closely watching the process for the proposed Lawrence Downs Casino and Racing Resort.

As you know, Act 71 of 2004 authorized slot machines at racetracks and created the PA Race Horse Development Fund. The intent of the legislation was to enhance horse racing and breeding programs in Pennsylvania. The legislation further states its purpose is to provide positive support programs to foster and promote horse breeding.

The Act has provided as intended, larger racing purses and a breeder's incentive program, which has attracted new owners and breeders to Pennsylvania. The Act has also given cause for existing farms to expand with the promise of a stable horse racing program.

One of those farms is Winbak Farms, where I serve as President and CEO. Like other PA breeding farms, we have made big investments in Pennsylvania based upon the enactment of the slots legislation.

Winbak Farms is proudly known as one of the world's leading Standardbred breeding farms. Each year we produce and take care of hundreds of yearlings and older Standardbred horses. We maintain over 3000 acres of prime farmland.

Winbak Farms provides their employees with meaningful work, farm-owned homes, health care, and a 401k plan. The cost to maintain a horse farm, including the employees, the land, and the horses can run up to \$7 million per year.

Breeding, raising, selling, training, and racing equine athletes require large capital investments. Our farm and many others like us, supports agriculture, green space and provides jobs as part of our rural economic commitment.

Through gaming legislation, the bar has been raised for quality horses, competitive racing, the expansion of breeding farms, and improved training facilities. While it is an expensive sport, the rewards for Pennsylvania are real and sustainable.

For horsemen, the issues are promises and trust in a partnership with government that makes long-term private investment in Pennsylvania possible. Like other businessmen, investors in the horse racing industry need to know that today's agreement is tomorrow's commitment. These businesses have come to Pennsylvania because of the commitment through slots legislation to support a competitive horse racing and breeding industry.

The Thoroughbred and Standardbred (harness) racing programs are quite different in many aspects. PA Standardbred breeding is world class and Hanover Shoe Farms alone breeds and raises more yearlings every year than the entire PA thoroughbred program. The Standardbred horse population is healthy and continues to be a good market value for the harness racing industry.

While we realize that studies have shown a different location may provide more revenue to the Commonwealth, we are here today to plead that some action be taken. Many associated with the harness racing industry have been patiently waiting for this last harness racing track to come to fruition. Please take action to allow Pennsylvania to realize this opportunity.

While ten years is a long time to wait, the SBAP does want this last harness racing track to be successful and to thrive. We want the state to get this right and trust that an analysis commissioned for this specific license will do just that. We understand that when this fourth track was imagined ten years ago, the casino market was a lot different.

As I've outlined in my testimony, horse breeding is no small investment. Our request to you today is to take a look at the long-term consequences and take into consideration the livelihoods of the many people impacted by a healthy horseracing industry.

Thank you again for allowing me the opportunity to speak to you today. I welcome any questions you may have.

Good morning/afternoon gentlemen,

My name is George Crawford. I am the Executive Secretary of the Pennsylvania State Harness Racing Commission. On behalf of the Commission I would like to take the time to offer our support for our licensee, Endeka, and its Lawrence County project. I understand the time, energy, financial resources and often times, the doubts which has surrounded this project. When the Harness Racing Commission originally issued the license on September 5, 2007 for what was then Valley View Downs it was the intention and expectation of the Commissioners for this harness racetrack/casino facility to be built and be successfully integrated into the harness racing industry. The project was taken over by American Harness Tracks when the Commission approved the stock transfer from Valley View Downs to AHT on July 12, 2011. This was then followed by a final stock transfer to Endeka which was approved on October 25, 2012. With that final approval, Endeka became the Harness Racing Commission's licensee with all the corresponding responsibilities, duties and abilities of the Commission's other racetrack licensees.

The October 25, 2012 Order established a timeframe and provided certain conditions to be met by this new licensee. One such condition was met on May 31, 2013, when Endeka submitted its Application for a Category 1 slot machine license to the Pennsylvania Gaming Control Board to build the proposed Lawrence Downs Racetrack and Casino facility.

STATE HARNESS RACING
COMMISSION

On July 26, 2013, after due consideration of Endeka's legal petition and argument, the Commission ultimately rescinded the specific condition that a Live Racing Agreement be in place prior to actual live racing at the facility.

We believe this proposed facility continues to be in the best interests of harness racing, the local community and certainly in the best interests of the Commonwealth and the Commission encourages the PGCB to approve.

Dear Sir:

This letter is written in support of Endeka Entertainment's request to obtain a Category I (racetrack) casino license at its proposed facility in Lawrence County. I believe it will be called Lawrence Downs.

The racetrack/casino license at this location will afford the people of Western Pennsylvania and Eastern Ohio much needed employment and help bring new opportunities to this area. It will allow us to prosper and grow and give our children a pathway for a better life.

We hope you will look favorably on this application and thank you for your attention in this matter.

SIRS: I ATTENDED THE PUBLIC HEARING ON THE PROPOSED CASINO/RACE TRACK IN LAWRENCE COUNTY. MY VIEWS, AND OBSERVATIONS ARE AS FOLLOWS: THE CASINOS IN OPPOSITION CHOSE TO SPEAK LAST IN ORDER TO LEAVE THE LAST IMPRESSION ON THE BOARD. I AM SURE THE BOARD WAS AWARE OF THAT PLUS THE LANGUAGE THEY USED AND "TALKING POINTS" SEEMED TO BE THE SAME. IT WOULD HAVE BEEN UNCHARACTERISTIC FOR THEM TO SAY "GOOD IDEA - APPROVE IT." IF THEIR REVENUES ARE REDUCED IT IS BECAUSE OF THEIR GREED IN THE TIGHTENING OF THEIR MACHINES, WHICH RESULTS IN PATRONS GOING ELSEWHERE.

I HAD ALSO ATTENDED A PUBLIC MEETING APPROXIMATELY 10-11 YRS. AGO IN SUPPORT OF THE CASINO. FRUSTRATION ABOUND. THIS CASINO/RACE TRACK WILL BE A "DESTINATION" EVENTUAL HOTELS, RETAIL WATER PARK ETC. - UNLIKE THE OTHERS. IT SITS ON A CROSSROADS OF MAJOR HIGHWAYS & CONNECTIONS. THE POSITIVE IMPACT ON THIS AREA CANNOT BE UNDERESTIMATED. PLEASE APPROVE QUICKLEY!

I, NORA LEE SALLIE verify that any factual information contained in this written comment is true and correct to the best of my knowledge and belief.

The bond issue will be repaid by Lawrence County's share of the gaming revenue — NOT Taxing The Residents.

Madoring Trg. has diligently prepared for the CASINO/RACE TRACK (where it will be located)

We are losing our youngest & brightest because the area has declined.

I believe this is our last hope for this area. Please do NOT "TURN OUT THE LIGHTS ON NEW CASTLE AND LAWRENCE COUNTY".

Sirs,

I am writing in support of the casino proposed for Lawrence County. This casino would breathe life into a community that has been dead for many years with the employment opportunity it offers. many of our young people are moving out of the area to seek employment. Enrollment in our schools has declined, many of the schools have closed due to the declining enrollment. This casino would bring in the much needed jobs that would bring people back to the area. There is overwhelming support for this project by the people of Lawrence County.

I, Noel Sallie verify that any factual information contained in this written comment is true and correct to the best of my knowledge and belief.

Representatives of other casinos stated that this project would be funded with tax payer dollars, It would not. It would be a bond issue that would be paid back out of casino revenue. Allegheny county funded Heinz Field with tax payer dollars and it has had great impact on that area. Please grant this license so that this long awaited project can happen, please do not put the last nail in the coffin for the people of Lawrence county. It would be a death sentence to the county.

Karen Hockenberry			It is time that New Castle and Lawrence County has some means for getting New Castle back on the map. It will be good for the city and means jobs that are desperately needed! It is TIME! thanks...
michael a. boice			I think it would help out the area and bring more jobs
Simonae Boice			I feel this would benefit the community in a positive way as it will bring jobs and revenue as well.
Mary K. Kalivoda			<p>We already have four casinos in western PA, as it is. The news out today shows that they all failed to make a profit in March 2014! Endeka Entertainment has already constructed yet another casino across the line in Ohio. That is five casinos in a rather small area.</p> <p>Enough is enough! Granting yet another downs and casino in western PA will further dissipate the profit of already-existing casinos. I vehemently oppose construction of another casino and/or racetrack here.</p>
josephine grittie			I think this facility would definitely help the area's economy- jobs. tourism, etc.

elizabeth thompson			<p>The very idea of using taxpayer money to subsidize a casino is preposterous. Casinos bring no benefits to the community unless they pay copious taxes to provide services for the elderly or for education. Even this doesn't make up for the high cost to the community of gambling addiction, which is encouraged and facilitated by such places.</p> <p>Pennsylvania has more than enough casinos. We don't need more, and we certainly don't need them if they're going to COST taxpayers money. The few jobs that might be created will be menial minimum-wage jobs that aren't worth the cost.</p>

Ronald L. Eby			Public financial resources should never be used to subsidize a gambling facility or gambling operations. When we have so many needs which are more important to society and the long-term health of the economy of our commonwealth, we need to spend every dime we can raise on support for infrastructure and especially education. We have been reducing funding for schools to the point where the future of our young people and our workforce is in jeopardy. Under these circumstances, funding a casino with public financing is totally inappropriate. Pennsylvania needs to reject this proposal.
Lynn F. Hoffman			I am appalled at the prospect of tax-payers subsidizing a private enterprise, especially one that is supposed to be providing tax revenue to the general fund.
Thomas J. Garrett			No way should a casino get tax breaks subsidizing it's building.
Al Cohen			These tax break deals to big donors never work out for the real taxpayers. Specifically when and how will this \$50M tax break be paid back to the state???? How many full time, over-minimum wage, permanent jobs will the casino create??? How much additional taxable revenue will the casino create?? If Endeka, the casino profiteers, cannot specifically answer the above questions the license MUST BE DENIED.
Clare szilgyi			It would be unconscionable for you to approve this giveaway of taxpayer money.
Christopher C. Dixon			I am opposed to opening any more Casinos in PA.
Charlene Rush			I have no problem with casino gambling. I have only a problem with taxpayer money paying for it. If you need a loan, fine, but expect to pay it back with interest.
Nancy J. Mulry			If the success of this prosed Casino depends upon State Subsidies, then I have a right To cast my opinion...I vote AGAINST the approval of said business. The state of PA is sad enough without granting tax breaks to big businesses! Shame on our a Governor for not taking a stand on ending tax cuts when so many of our schools need help with crumbling buildings, for one example!

Wayne A. Gray			<p>1- There is nothing socially redeeming about a casino and I object to my tax dollars supporting gambling.</p> <p>2- The casino industry does not provide enough jobs to justify spending tax dollars in this manor and is just corporate welfare.</p> <p>3- PA has to many unemployed, to much student debt, to many people living below the poverty level and to many other issues, so why should we waste our tax dollars on the casino industry.</p>
joseph a. jennings			<p>no subsidy for this project. our taxes need to help out communities . stop giving welfare to the rich for projects that take money out of our neighborhoods : projects like this show the inequities of power in our society.</p>

Daniel L. McKinney		This casino would flood the market and destroy job for current casino employees.	Oppose
John Schussler		This Casino being put in place will hurt the jobs and lives of people who already work for Casinos in PA. It will also hurt the the local economy of the current locations of PA Casinos due to taking away from current Casino revenue.	Oppose
David Morris		I feel the pa gaming market is saturated and an additional casino would further dilute the gaming market and take tax revenue from Washington county. An additional casino would also cause reductions of staff in current casinos and cause reductions across the board. There are enough casinos in pa.	Oppose
Gary G. Bayless		We live within one mile of the resort site and support its construction. Lawrance co. has lost over eight thousand people in the last ten years due to the lack of opportunity for employment. No area in Pa. is more in need of this project. thank you Virginia and Gary Bayless	Support
Louis Clause		I`am very excited that this race track and casino has finnally made it to this point. I can see the shot to lawrence counties economy. My wife and I traval to the Meodows and Rivers every week and this will be a great change and a relief to the miles that my car get on it. This casino will not only add jobs to to the casino but, the boost it wiil have to the county as far as other outside services. I hope that your decision is a favorabale one for this area, this area has been depleted of the good jobs that the industries provided at one time. Thanks for allowing me to give my support via the internet and I hope you, the gaming commison do the right thing to help lawrence county...	Support

Subject: Petition: Taxpayer money should NEVER go to subsidize a casino.

Taxpayer money should NEVER go to subsidize a casino.

As reported by the Philadelphia Inquirer, "Penn National Gaming ... estimates it will collect \$50 million in Lawrence County tax breaks for the \$225 million gambling facility and racetrack Penn National and its partners are backing in New Castle, Lawrence County, Pa."

Taxpayer money shouldn't be going to subsidize casinos. Casinos by law are supposed to "provide a significant source of new revenue" to government -- not have government give "significant sources" of taxpayer benefit to casinos.

I urge you to reject this proposed casino because taxpayer money should never go to subsidizing a casino.
