(7) Briefly explain the regulation in clear and nontechnical language. (100 words or less)

With this rulemaking, the Board is proposing to replace the temporary regulations in 557, 559, 565 and 569 with the permanent regulations in 641a, 643a, 649a and 653a respectively.

This rulemaking provides the definitions, rules of play, payout odds and amounts and permissible wagers for the authorized table games of Four Card Poker, Let it Ride Poker, Three Card Poker and Ultimate Texas Hold 'Em Poker.

(8) State the statutory authority for the regulation. Include specific statutory citation.

The Board's general authority is found in 4 Pa.C.S. § 1202(b)(30)(relating to general and specific powers) and the specific authority in 4 Pa.C.S. §§ 1302A(1) – (4) (relating to regulatory authority).

(9) Is the regulation mandated by any federal or state law or court order, or federal regulation? Are there any relevant state or federal court decisions? If yes, cite the specific law, case or regulation as well as, any deadlines for action.

There are no other applicable federal or state statutes, regulations or court decisions that mandate adoption of these changes contained in this rulemaking.

(10) State why the regulation is needed. Explain the compelling public interest that justifies the regulation. Describe who will benefit from the regulation. Quantify the benefits as completely as possible and approximate the number of people who will benefit.

Pursuant to the Act, the Board was tasked with: establishing standards and rules to govern the conduct of table games; establishing notice requirements pertaining to minimum and maximum wagers; and requiring certificate holders to provide written information or signage regarding the table game rules, payoffs, minimum and maximum wagers. These regulations are necessary to protect the integrity of gaming and ensure the accurate collection of taxes for the Commonwealth on table game revenue.

Table game patrons will benefit from these regulations as they will have notice of the rules of play, permissible wagers and the payout odds at each game offered in the licensed facility. Additionally, with this rulemaking certificate holders will have a clear understanding of layout requirements, dealing procedures and rules of play for the table games.

(11) If data is the basis for this regulation, please provide a description of the data, explain in detail how the data was obtained, and how it meets the acceptability standard for empirical, replicable and testable data that is supported by documentation, statistics, reports, studies or research. Please submit data or supporting materials with the regulatory package. If the material exceeds 50 pages, please provide it in a searchable electronic format or provide a list of citations and internet links that, where possible, can be accessed in a searchable format in lieu of the actual material. If other data was considered but not used, please explain why that data was determined not to be acceptable.

There is no data, as defined under section (3) of the Regulatory Review Act (71 P.S. § 745.3), upon which this rulemaking is based.

(12) Describe who and how many people will be adversely affected by the regulation. How are they

affected?

This rulemaking will result in additional costs for certificate holders that elect to offer Four Card Poker, Let it Ride Poker, Three Card Poker and Ultimate Texas Hold ‘Em Poker. Certificate holders will be required to purchase the table games they elect to offer and to hire and train employees to operate the games. The costs for table game equipment do vary depending on the type and number of tables purchased. The costs are expected to be offset by the revenues generated from table game operations. However, the Board does not anticipate that anyone will be adversely affected by this regulation.

(13) List the persons, groups or entities that will be required to comply with the regulation. Approximate the number of people who will be required to comply.

Certificate holders that elect to offer Four Card Poker, Let it Ride Poker, Three Card Poker and Ultimate Texas Hold ‘Em Poker at their licensed facilities will be required to comply with this regulation. If electing to offer these games, an operator will be required to submit for approval the table layouts, will be required to update their gaming guides and submit a rules submission form. The rules submission form is available on the PGCB website, are standardized checklists for each and are relatively simple to fill out.

Currently, eleven facilities offer Three Card Poker, nine offer Let it Ride Poker, six offer Four Card Poker, and three facilities offer Ultimate Texas Hold ‘Em Poker.

(14) Provide a specific estimate of the costs and/or savings to the **regulated community** associated with compliance, including any legal, accounting or consulting procedures which may be required. Explain how the dollar estimates were derived.

Although operators will be required to purchase equipment to conduct the table games they choose to offer, the costs vary depending on the type and quality of equipment purchased and the number of tables installed. These costs will be offset by the revenues generated from the play of table games.

(15) Provide a specific estimate of the costs and/or savings to **local governments** associated with compliance, including any legal, accounting or consulting procedures which may be required. Explain how the dollar estimates were derived.

It is not anticipated that this regulation will require expenditures or provide savings to local governments; however, local governments will receive a local share assessment of the operator’s revenue.

(16) Provide a specific estimate of the costs and/or savings to **state government** associated with the implementation of the regulation, including any legal, accounting, or consulting procedures which may be required. Explain how the dollar estimates were derived.

It is not anticipated that this regulation will require expenditures or provide savings to state government; however, with the passage of table games, state government will receive 14% of a certificate holder's gross table game revenue for two years following the commencement of table game operations. After the first two years, the state will receive 12% of gross table game revenue.

(17) In the table below, provide an estimate of the fiscal savings and costs associated with implementation and compliance for the regulated community, local government, and state government for the current year and five subsequent years.

<p>(18) Explain how the benefits of the regulation outweigh any cost and adverse effects.</p> <p>Standardized rules of play ensure fairness to the patrons who participate in table gaming at all licensed facilities in the Commonwealth. The requirements within these chapters are standard throughout the gaming industry and are necessary to ensure the protection of the public and the integrity of gaming as well as the accurate recording of revenues and taxes. Standardized rules of play ensure that patrons who go to any licensed facility know that the basic rules of play at one facility are the same as the basic rules of play at another licensed facility.</p>				
<p>(19) Describe the communications with and input from the public and any advisory council/group in the development and drafting of the regulation. List the specific persons and/or groups who were involved.</p> <p>When the temporary regulations were promulgated, the Board provided for a 30 day public comment period whereby the industry was invited to provide suggestions for revision to the temporary regulations. Several of the suggestions received were incorporated into subsequent revisions to the temporary regulations while others were incorporated into this rulemaking.</p>				
<p>(20) Include a description of any alternative regulatory provisions which have been considered and rejected and a statement that the least burdensome acceptable alternative has been selected.</p> <p>No other regulatory schemes were considered.</p>				
<p>(21) Are there any provisions that are more stringent than federal standards? If yes, identify the specific provisions and the compelling Pennsylvania interest that demands stronger regulations.</p> <p>There are no corresponding federal requirements.</p>				
<p>(22) How does this regulation compare with those of other states? How will this affect Pennsylvania's ability to compete with other states?</p> <p>The regulations are consistent with the standards throughout the gaming industry and are consistent with the objectives and requirements of the Gaming Act. These regulations should therefore not affect Pennsylvania's ability to compete with other states.</p>				
<p>(23) Will the regulation affect any other regulations of the promulgating agency or other state agencies?</p>				

If yes, explain and provide specific citations.

With this rulemaking, the Board is proposing to replace the temporary regulations in Chapters 557, 559, 565 and 569 with the permanent regulation in Chapters 641a, 643a, 649a and 653a.

(24) Submit a statement of legal, accounting or consulting procedures and additional reporting, recordkeeping or other paperwork, including copies of forms or reports, which will be required for implementation of the regulation and an explanation of measures which have been taken to minimize these requirements.

This rulemaking will require certificate holders to: post signs at gaming tables; have complete sets of rules for all the games they offer available for public inspection; produce a gaming guide summarizing the rules of the games they offer; and file Rules Submissions for each table game they elect to offer. The Rules Submissions are standardized checklists for each game, are relatively simple to fill out and are available on the Gaming Board website at <http://www.pgcb.state.pa.us/?p=187>

(25) Please list any special provisions which have been developed to meet the particular needs of affected groups or persons including, but not limited to, minorities, elderly, small businesses, and farmers.
