(10) State why the regulation is needed. Explain the compelling public interest that justifies the regulation. Describe who will benefit from the regulation. Quantify the benefits as completely as possible and approximate the number of people who will benefit.

This rulemaking will give certificate holders additional operational flexibility in the games that they provide to patrons and is needed to establish the requirements for hybrid gaming, a new gaming technology to the Commonwealth.

(11) Are there any provisions that are more stringent than federal standards? If yes, identify the specific provisions and the compelling Pennsylvania interest that demands stronger regulations.

There are no corresponding federal standards for any of these provisions in this rulemaking.

(12) How does this regulation compare with those of the other states? How will this affect Pennsylvania's ability to compete with other states?

This rulemaking expands the compliment of table games available for patron play and will therefore not negatively impact Pennsylvania's ability to compete with other states.

(13) Will the regulation affect any other regulations of the promulgating agency or other state agencies? If yes, explain and provide specific citations.

This regulation will not affect any other regulations of the PGCB nor any other state agency.

(14) Describe the communications with and solicitation of input from the public, any advisory council/group, small businesses and groups representing small businesses in the development and drafting of the regulation. No other persons or groups were involved in the development and drafting of the regulation.

(15) Identify the types and number of persons, businesses, small businesses (as defined in Section 3 of the Regulatory Review Act, Act 76 of 2012) and organizations which will be affected by the regulation. How are they affected?

There are currently twelve slot machine licensees that have a certificate to operate table games, all of which will be affected by the regulation in that they will have greater flexibility in the compliment of games available for patron play and the formats on which those games are played.

Casinos that operate in the Commonwealth of Pennsylvania are not small business as defined in the United States Small Business Administration's Small Business Size Regulations, under 13 CFR Ch. 1 Part 121.

(16) List the persons, groups or entities, including small businesses that will be required to comply with the regulation. Approximate the number that will be required to comply.

(17) Identify the financial, economic and social impact of the regulation on individuals, small businesses, businesses and labor communities and other public and private organizations. Evaluate the benefits expected as a result of the regulation.

It is not anticipated that this rulemaking will have a negative financial or economic impact on the regulated community. Slot machine licensees will be impacted by this rulemaking as they will have a greater number of options to offer at their facilities.

(18) Explain how the benefits of the regulation outweigh any cost and adverse effects.

It is not anticipated that there are any adverse effects of this rulemaking which allows for the use of a new gaming technology to the Commonwealth.

(19) Provide a specific estimate of the costs and/or savings to the **regulated community** associated with compliance, including any legal, accounting or consulting procedures which may be required. Explain how the dollar estimates were derived.

Certificate holders that decide to offer table games played on hybrid gaming systems will be required to submit updated rules submission forms and internal controls to reflect any additions. Any costs incurred to purchase equipment and train employees should be offset by the proceeds of gaming.

(20) Provide a specific estimate of the costs and/or savings to the **local governments** associated with compliance, including any legal, accounting or consulting procedures which may be required. Explain how the dollar estimates were derived.

This rulemaking will have no fiscal impact on local governments. Host municipalities and counties will benefit from the local share funding that is mandated by Act 1.

(21) Provide a specific estimate of the costs and/or savings to the **state government** associated with the implementation of the regulation, including any legal, accounting, or consulting procedures which may be required. Explain how the dollar estimates were derived.

The Board does not expect that the provisions contained in this rulemaking will have any fiscal impact on the Board or any other Commonwealth agency. Internal control procedures and equipment testing will be reviewed by existing Board staff.

(22) For each of the groups and entities identified in items (19)-(21) above, submit a statement of legal, accounting or consulting procedures and additional reporting, recordkeeping or other paperwork, including copies of forms or reports, which will be required for implementation of the regulation and an explanation of measures which have been taken to minimize these requirements.
