HARRAH'S DIVERSITY AND INCLUSION VISION

Harrah's Philadelphia Casino and Racetrack ("Harrah's Philadelphia") shares a vision with our sister casinos toward understanding, valuing, and embracing diversity. This vision is best expressed through Caesars Entertainment's Code of Commitment. The Code along with our diversity and inclusion vision helps ensure that Harrah's Philadelphia along with our sister properties create an environment that respects, understands, embraces, and recognizes the diverse components of our workforce, workplace, marketplace and the communities we serve. Since going full throttle with our initiatives in 2006, we pledged to uphold very high standards in our relationships with our communities, our guests and our employees. Harrah's has continued their commitment to diversity, with women and minorities making up significant percentages of the management team across the enterprise. Supplier Diversity Plan for Harrah's Philadelphia

The following is a detailed overview of Supplier Diversity for Caesars Entertainment as well as a brief review of 2018 Sourcing Plan.

Strategic Supplier Diversity Plan for 2018

Our fundamental objective for Supplier Diversity on a corporate level for 2018 is around increased reporting and training. While our overall trends in diverse spend are tracked across all properties, Caesars plans to increase reporting to each of the category leadership and regional leadership to continue to spur further competition and excellence in economic inclusion. Those exceptional individuals who have accomplished great feats in furthering the goals of supplier diversity, either through

increased number of diverse contracts, internal influence, outreach and/or other means will be recognized by our leadership team.

On a national level some of the areas that we have focused on to increase diverse spend include professional services, IT, and promotional products. We are also planning to look at contracted services such as distribution, specifically in the IT/Marketing arena.

On a regional level some of the areas that we will be focused on to increase our diverse spend are primarily within the food and beverage, facilities, and guest transportation service areas. We will continue to work with the local supply base and provide a liaison to the Corporate Strategic Sourcing department to ensure their inclusion in upcoming national, regional and local events for the Harrah's Philadelphia property. As mentioned before, our local team members plan to attend multiple regional events to increase our familiarity with the potential diverse suppliers within the area while working with our corporate team to use tools to seek out certified diverse suppliers in the regional market representative of the local community.

Strategic Sourcing Team Overview

Caesars Entertainment enjoys an in house, system driven sourcing team that follows the basic principles of category management, 6 step sourcing process and a completely integrated supplier diversity program. The team focus is quad-focused. Sourcing has annual savings targets; internal satisfaction & risk compliance objectives as well as diverse business spend goals at both a national and regional level.

Structure

Our National Sourcing Department is made up of Category Portfolio Vice Presidents and their teams composed following functional areas: Direct, Marketing and Indirect. The category management teams work in conjunction with the regional purchasing team and communicate multiple times a day. The regional purchasing teams are responsible for the day to day purchases as well as for executing national contracts at a local level. This department utilizes Ariba management software.

The two Managers of Supplier Diversity and the Director of Regional Procurement all report up to the Vice President of Procurement who has responsibilities over supplier diversity. This arrangement ensures that both the urgent needs of purchasing team as well as the importance of the supplier diversity goals and targets make their way into the overall team decisions. In addition to having dedicated resources to supplier diversity, Caesars has a Supplier Diversity Executive Advocate Committee made of 7 -8 members of the SVP leadership team that holds bi-annual meetings to discuss the challenges around supplier diversity.

Vendor View of Sourcing Process

The Process from an External View follows a very simple framework.

- Identify Casino Need
- Conduct an RFP (Request for Proposal)
- Evaluate the submitted Proposals
- Contract for good service (typically for 2-3 years)

Our vendors will have to meet multiple requirements within each of the Sourcing steps including but not limited securing licenses with the regulatory authority in which they will be conducting business, obtaining sufficient certificates of insurance, passing the Business Information Forms required internally for vendors with over

\$750k in annual spend, submitting their minority business certificate and securing adequate financing. Note: Most of our larger contracts have payment terms of 45 days however we do have a process in place to shorten payment terms for smaller certified diverse vendors.

The entire sourcing process from “Need Identification” to “Award of Contract” could take at least 90 days to complete. Our supplier diversity team will work with those community partners that have offered services to connect potential vendors in need additional counseling on financing, marketing, and the law. While Caesars does not internally take on the role of mentoring every business, our connections developed during the alignment phase helps us guide potential vendors along a more profitable path. Additionally, Caesars launched in 2014 a small scale mentor protégé program for MBEs that will reopen for application for those businesses doing business with Caesars at the end of 2016.

Caesars can point to multiple individual success stories from other markets. We have a growing list of mentees, small minority business that attribute much of their growth to the direction given by Caesars Sourcing professionals.

Internal Process

The national sourcing process from the procurement standpoint follows a 6 step sourcing process:

- Category Spend Analysis
- Requirements Definition
- Supply Market Research
- Sourcing Strategy Development
- Execute Sourcing Strategy
- Contraction and Implementation

Our category managers use these steps to ensure optimal value along the process.

Supplier Diversity Definitions and Overview

Supplier Diversity is part of our procurement process and completely integrated into our Sourcing Team.

A “diverse supplier” to Caesars Entertainment is a supplier that holds one or more of the certifications listed below. Caesars utilizes a third party service to verify certification status with a multitude of national, state, and local agencies. We encourage all diverse suppliers to maintain their status and meet periodic recertification requirements that may exist. As a rule, Caesars looks to find diverse suppliers that are based near a property and tries to identify suppliers whose ethnicity represents the population surrounding the casino property. Typically a diverse supplier is one in which the business is more than 51% owned or managed by an individual or individuals who would fall into the following certified categories or in some cases in based on the zone in which the business is located.

- Disabled Business Enterprise (DIS)
- Disabled Business Enterprise (DIS)
- Disabled Veteran Business Enterprise (DVET)
- Disadvantaged Business Enterprise (DBE)
- Minority-Owned Business Enterprise (MBE)
- Small Business Administration 8(a) Program (SBA 8(a))
- Small Business Enterprise (SBE)
- Small Disadvantaged Business (SDB)
- Veteran-Owned Business Enterprise (VET)
- LGBT Owned Business (LGBTBE)
- Women-Owned Business Enterprise (WBE)
- Historically Underutilized Business Zone (HUBZone)

Note: For Harrah's Philadelphia, we report only on third party validated MBE, WBE and Veteran owned small business in our supplier diversity report.

Caesars recognizes a number of certifying agencies, including, but not limited to:

- The National Minority Supplier Development Council (NMSDC) and its Regional affiliate councils.
- The Small Business Administration (SBA) – 8 (a) program, HUBZone program, Small Business Enterprise (SBE), Small Disadvantaged Business (SDB).
- Federal Government Agencies (ex. National Department of Transportation, Department of Veterans Affairs)
- State Government Agencies (ex. Dept. of Transportation)
- Local (county, city) Government Agencies
- Women Business Owners Corporation (WBOC)
- Women and Minority Business Enterprise Clearinghouse (WMBE)
- Women Business Enterprise National Council (WBENC)

The Process of Supplier Diversity

The Supplier Diversity program at Caesars is managed around 5 key categories:

- Executive Leadership & Organizational Commitment/Support
- Clear Policies, Established Roles & Responsibilities
- Tools & Resources
- Measuring Success
- External Engagement

Our supplier diversity team and committees continually improve our process in each of the five categories. Supply Diversity is an integral part of the process and is actually built into many of the tools used in the Sourcing process such as the cloud based system Ariba & our in-house sourcing templates. Additionally, Sourcing has a written policy manual for internal use outlining our policies on Supplier Diversity and Sustainability.

What is unique about our supplier diversity process is its integration into the daily sourcing process. During the Category Spend Analysis phase, Category Managers are required to enter information into our sourcing tool which automatically sends an email to our supplier diversity alerting them as to the commodity being sourced

and related NAISC codes.

Next, in the Supply Market Research step, our Category Managers are pinged to include diverse suppliers or fill out an exception report in order to meet their internal performance review goals. Finally, in the event that a local or diverse supplier is not competitive enough to win that bid, we encourage our category managers to offer direct feedback to their suppliers to assist them in preparing for future Caesars opportunities. Much of the feedback comes in the shape of the Caesars standardized supplier feedback form which is often accompanied by a phone call from the category manager.

In conclusion, Caesars is committed to expanding our outreach efforts in order to find ready, willing, capable and able businesses to assist us in our goals on the procurement area.

Training

In addition to the targeted outreach events, Caesars holds at least one online training session to assist first-time users of our purchasing and sourcing software solution, Ariba. Caesars Entertainment utilizes the Ariba software suite for the sourcing events, contracting process and day to day purchasing (PO) application. Our training educates the local business community on how to become part of the Ariba network to gain exposure to a network of leading corporations. It also walks participants through the supplier information management tool and various Ariba screenshots of what an online RFP might look like.

All training opportunities are posted on the property website and are communicated to the Tri-State community partners.

Tracking Participation

The Supplier Diversity team, along with the support of the Property Leadership, tracks participants and associated businesses attending the general information sessions, the category sessions, and training sessions.

Caesars also asks information as to where participants might have heard about an event in order to track it back to the source. We internally report out on the number of MWSBE businesses that were in attendance at each of the events to understand our outreach within our targeted areas.

In addition to tracking attendance for each of the events, Caesars directs all interested parties to register on the Caesars Supplier website <http://www.caesars.com/corporate/enroll-in-our-database.html>.
