### EXECUTIVE DIRECTOR'S REPORT

Kevin O'Toole, Executive Director, defined the process by which the Board would proceed to select how qualified gaming entities can apply for available Interactive Gaming Certificates. He updated the Board stating that "from a total of 39 available interactive gaming certificates which could be issued, our slot machine licensees have selected and reserved 32 of these certificates. Accordingly, 7 certificates remain available. Those 7 certificates consist of 3 peer-to-peer poker type games; 2 non-peer-to-peer slot-like games; and, 2 non-peer-to-peer table games."

He also stated that "the 7 Interactive Gaming Certificates may now be awarded to Qualified Gaming Entities, or QGEs. A QGE is defined in the expanded gaming act as "a gaming entity licensed in any jurisdiction which has satisfied the requirements set forth in the Act and any other criteria established by the Board, including financial and character suitability requirements."

Mr. O'Toole indicated that the Board was previously provided with the document titled "Interactive Gaming Qualified Gaming Entity Licensing Process." This document provides a detailed summary of the process to be utilized by the Board for accepting applications and then selecting, in a random public drawing, as many applicants as are necessary to award the 7 remaining interactive gaming certificates.

*To summarize the process, there are 4 steps:*

1. Interested entities are to submit a petition with the Board's Office of Hearings and Appeals during the period beginning on October 15, 2018 and ending on October 31, 2018. The information required to be included in the petition is described in the process document.
2. Board staff will then review the submissions and determine which petitions satisfy the criteria to be included in the group eligible to be chosen to participate in the selection process. The Board will publish on its website a list of all entities which have petitioned for consideration to be awarded an interactive gaming certificate.
3. Once all eligible QGE's have been identified, the Board will conduct a blind random drawing from all petitioners and then reserve the type and the number of certificates sought in the selected QGE petition until no certificates remain.
4. Upon being selected in the blind random drawing, the QGE will be required within 60 days to submit completed applications for licensure and undergo the requisite background investigation to determine suitability for licensure by the Board.

Mr. O'Toole requested that the Board make a motion for approval.
