I support the casino proposed for Nemacolin Woodlands.

Economic and tax benefits aside, I would like to address the additional benefits to retired residents of Fayette and adjacent counties. My wife and I travel outside the area for recreation, to include gaming, theater, dining and, in the winter, warmer weather. These \$ are spent outside the state, as there are limited opportunities for these activities. It is therefore predictable that many of our retirees leave the area when they are able. The proposed Lady Luck casino at Nemaquin would help retain these taxpayers and thereby retain their taxes, property and otherwise.

We might even ignore the winter...well, not all winter.

Yes

My husband Ron and I are both in support of Nemaocolin Woodland being able to have a Casino in Wharton Township, Fayette County. LLC Slots and table games. I think this would help bring more jobs to Fayette County. We really are in need in this County and have so many unemployed.

Thank you.

Name: **Dane E. Griffith** State: **Pa** County: **Fayette** ID: **1093** RegID: **1211**

I believe that the casino is a great idea! The additional jobs and reduced property taxes will be greatly appreciated in the area. My hat is off to the Hardy Family for what they have done for our community, and for their plans to enhance the tourism in the tri-state area.

Dear members of the Gaming Control Board,

I support the approval of the Nemecolin Resort Casino License.

My plea is simple in two parts.

First, I am a poker player and currently travel to Washington county, Pittsburgh, and even to Wheeling WV and Atlantic City NJ to gamble. Approving the casino at Nemecolin would allow me to defer more of my money from these expanding and `out-of-state` communtites to the struggling local economy of Fayette County, giving local support for much needed jobs, revenues, and taxes.

Second, Nemecolin Woodlands satisfies the requirements of a true resort casino with a wide range of activities. Adding the popular option of casino gaming to an allready supperior resort would only increase tourism and boost the economy statewide.

For these reasons I urge you to approve the gaming license for Fayette County.

Sincerely,

Bill Gross

RE: I SUPPORT LADY LUCK – NEMACOLIN

Dear Members of the Gaming Control Board:

You have an important decision to make regarding the granting of the Category 3 gaming license. I believe that a casino at Nemacolin Woodlands Resort is the best choice to boost Pennsylvania tourism, create new revenues and increase economic opportunity in the state.

The addition of Lady Luck Casino at Nemacolin Woodlands Resort will add an important new amenity to Nemacolin's array of activities that will boost tourism and inject needed new dollars into the Pennsylvania economy. Further, the casino project itself will add hundreds of well paying new jobs in Fayette County, which has among the highest unemployment rates in Pennsylvania, and produce tens of millions of dollars in new tax revenue for the state.

Adding a new casino at one of the other proposed locations should not satisfy the test of a "resort" casino, and will only shift revenues from existing casinos. This would decrease the total economic benefit to Pennsylvania.

For these reasons, I encourage you to grant the gaming license to Nemacolin, Pennsylvania's premier, most well-established resort destination, and the only resort that truly meets the intent of the Gaming Act when it created the Category 3 resort license.

Sincerely your

Mark E. Rafail

I support the Casino coming to Farmington. I am disabled and possibly could get a job there for people with disability. The support of this would be great for one the hardest hit counties in PA please take my comments into consideration.

I would like to say that I feel that Nemaocolin Woodlands would be a wonderful place for a casino. It would create more jobs for Fayette County and the resort has clientel that frequent the grounds. There are various activities on the grounds of this resort and I feel that a casino would only benefit the resort more.

They are a four star resort which should speak for the curtiuous welcomes which are extended to the people who visit the resort.

Again I hope you will seriously think about granting the license to Nemaocolin Woodlands for the resort casino.

After all we would like to bring money into the county and state not take it out to another resort.

Thank you very much for considering the resort for a license and I hope you grant it to them.

See previous comments made.

Nemocolin Woodlands has been an asset in this county for many years, it being the largest employer status for many years. The resort continues to enhance the economic development in our deprived, poverty stricken county with one of the highest unemployment rates among our 66 counties. Needing this casino here represents enormous opportunity for the community. The unemployment numbers would decrease and the tourism, which has been the largest draw to our area, would increase tremendously. I wholeheartedly support Nemocolin Woodlands and Mr. Joe Hardy for going forward to adding a casino to the already 5star resort status. I speak for a lot of us that can see the benefits will out weigh any negative impact. I do expect that you will make the right decision to have this casino here in our community. Nemocolin Woodlands is a top quality resort that none of the other competitors can come close to matching.

I am writing today to say that I highly support the Casino in Fayette County. I have lived there for 25 years of my life & have recently moved to Allegheny County.

Having this Casino at Nemacolin would be a blessing for Fayette County`s job market. Currently I have family which reside in the county & they also support the new Casino plans. It would also bring an increased business/profit to the surrounding `small` business` in the area. It would also just put this wonderful area on the map, it`s a small gem awaiting to be shown off! I believe it would bring all positives & would love to see this idea passed!

I am a physician who works in Morgantown and a life-long western pennsylvanian. I chose Farmington as my home 3 years ago to raise my family in the beautiful serenity of the mountain rural community. I did not move here to endanger my children on streets crowded with bus-loads of New yorkers and drunk drivers seeking casino entertainment. I know that jobs are important, but not at the expense of ruining the rural and historic flavor of Farmington. I can assure you that people such as myself will not seek out Farmington as a home if a casino exists here. I implore you to build it somewhere that development already exists and do not ruin this lovely community. I can further assure that if it is approved myself and my family will plan to make another area our home very soon.

Dr. James L. Sadler MD

i would like to support this new development taking place.

I am in support of the casino at Nemaocolin Woodlands because I visit the county quite often and would enjoy being able to go to the casino. In my travels of visited other areas with casinos , I have seen development in those communities. Being from Fayette County there is a great need for economic development in this area to bring jobs and revenue.

We do not need more casinos

The 5-star resort Nemaocolin Woodlands should be given the casino license for many reasons including the fact that it is the only 5-star resort out of the 4 vying for the license. There is not another casino for 50-60 miles from it's location. The resort has more than the minimum rooms (250) needed to accomodate the customers and already has a bldg. built just for the casino. There is easy access with the new I43 highway from Pittsburgh to Morgantown, WV. The resort is the best possible choice with the outstanding facilities on the grounds besides rooms. None of the other competitors has anything close to offering the amenities that Nemaocolin has. The community as a whole is in favor of this with the needs for job creation, business enterprises and revenue to help with property taxes. I do hope you will do the right thing in bringing this opportunity to our community. We will welcome the endeavor with open arms. The resort has always been a huge employer for our county and this will increase the job oportunites for residents who desperately need work. The public will enjoy coming to the beautiful mountains of western pa. with the closeness of nature surrounding their visit. Tourism is a major player in this area. There are no hallowed grounds to argue about, no other casino in close proximity, no question about room accomodations that would need hookups for camping trailers, just the best of the best 5-star quality that the public will enjoy.

There was no `option` box for a request to speak, but, I would like to speak in support of the casino at Nemacolin Woodlands Resort. I am a native of Fayette County and the former Director of Marketing at The Meadows Racetrack & Casino in Washington, Pennsylvania. I can speak, firsthand of the direct and indirect socioeconomic benefits of having a casino operation in Fayette County.

I support a casino at Nemaocolin Woodlands Resort if it is a casino primarily for resort guests. Originally the requirement to be considered a resort guest was to spend about \$25 per person at the resort. The resort protested. The amount was lowered to \$10. This in effect makes a casino at the resort no different than a stand-alone casino in its impact on the neighboring community. Who in their right mind would build a stand-alone casino along a historic highway that, I believe, by law must remain one lane in each direction. It is already a dangerous road due to speeding and DUI.

Please go back to the original intent of a resort casino. It should be an amenity for the guests, and a destination for the `locals` who must visit and spend money at the resort first. If this scenario makes it too difficult for a resort to `break even` then the solution would be to lower the cost of the casino license for the resorts, not to change the rules and convert to a stand-alone casino.

Thank you.

The addition of gaming at Woodlands Fayette - Nemaquin would not produce a significant positive impact upon the local economy. The persons involved would not be contributing directly to this area rather any monies that would be produced in profit would be dispersed from the area. Furthermore, the impact upon the social climate due to increased crime / drug use and the effects of increased criminal elements would offset any positive economic benefits.

When the gambling thing started, proceeds were to go to property tax relief. I have not seen any yet.

While taking a stand against this application is unpopular because of what this will do to `help` our economy, please understand that gambling NEVER helps anyone and it helps spread more social and economic woes. The arguement that this casino will bring more jobs into the community can be equated with the hope for more disease so that medical jobs will increase and help the economy.

1 - This mountain area`s natural surroundings should be maintained to be enjoyed. The additional traffic and development a casino will cause goes against this natural beauty and will ruin that beauty and, therefore, ruin the original economy of the area: tourism of those who wish to visit these mountains and all the beauty here.

2 - Gambling is an addictive recreation that causes individuals who have low incomes to spend what little money they have to try to get more money. My guess is many of those who gamble are already on government programs and shouldn`t be wasting any more of my tax dollars.

I oppose this facility at this location.

I oppose

Gambling, at whichever venue, is unjust for the following reasons, and is to be avoided especially as a means of engendering revenue for the state that would otherwise be received equitably through taxation of the base:

1. Gambling of any sort savages the poor by providing false hope of riches.
2. Gambling provides an easy opportunity for addicted individuals to feed their illness.
3. Gambling encourages and depends on greed, hardly a personal or civic virtue.
4. Crime and destitution are the historical results of gambling, especially if it is sanctioned by the government, providing legal cover and justification.
5. Gambling is a self-centered, not enjoyed for the `good` it provides to the community. Using the justification that the Lottery `benefits senior citizens`, or that casino gambling will create new jobs or help the economy, is false and disingenuous.
6. Gambling has, until recently, been understood to be a social ill and discouraged by Church and State alike.
7. There will be spiritual/social consequences for funding social `health` on the backs of the poor and needy. The broad witness of the Prophetic literature of the First Testament (`Old Testament`) condemns such social injustice.

don`t like casinos

Pa. Gaming Control Board

Harrisburg, Pa. 17106

In Reference to: Woodlands Fayette LLC Nemaocolin Casino License

Our concern is that the profit to the resort and our community, that will be received from the casino, is not worth the cost that it will inflict upon our church neighborhood. We have spent time researching the results of casinos built and run in this country and now realize that the crime rate will increase at least 200% to 500% to this neighborhood. Maryland Attorney General J. Joseph Curran Jr. did a conclusive study in 1995.

The purpose of this study was conducted to evaluate the crime trends in communities that introduced gambling casinos. It showed the massive increase in crime throughout the country and concluded with these comments concerning the casinos in Nevada. " Because casinos opened in Las Vegas in the early 1930's, no valid comparisons are possible between pre-casino and post-casino crime rate in the country."

Be advised this same study indicates that with gambling, crime increased in Disney World (Orlando, Florida) and that of Atlantic City.

In 1990 Orlando's crime rate per 100,000 people went up 53% from 1977.

In 1990 Atlantic City's crime rate increased per 100,000 people by 235 % from 1977.

The " Curran Study" writes " the two cities crime rates show clearly that the increase in crime from casinos is attributable to more than simply heightened tourism. " Atlantic City's crime rate increased so much because it has casinos. The study confirmed this, as a fact, throughout all the states with gaming.

The study showed that whatever benefits gaming brings into an area, jobs, lower taxes, money etc., it will also bring a widespread increase in crime, and the increase will be substantial.

Sansom Chapel United Methodist Church is in very close proximity to the building in which the casino will be housed. We feel it would be very disruptive to our church services and other community functions.

We would greatly appreciate your not granting this casino license.

Sincerely,

Sansom Chapel United Methodist Church Board of Directors

Richard Cleaver

Chairman

I oppose additional gambling locations in PA. There are already enough places to gamble in PA, NJ and other nearby locations. We should be honoring our past, especially with the 150th anniversary of the Civil War upon us.

Nothing good will come from the creation of a slots parlor or casino in the area. Take for example our once pleasant traffic free countryside of Connecticut. No longer is it a quiet ride. Now, the traffic is so heavy and the noise so bad it has actually brought down property values. Not even to mention the increase in personal bankruptcies, crime against individuals and local companies. There is hardly a month that goes by when we don't read about someone stealing from their employer to support their gambling habit. No lasting good comes from the casinos.

Pennsylvania Gaming Control Board
P.O. Box 69060
Harrisburg, PA 17106-9060

Dear Chairman Fajt:

I am writing to you in support of the Nemaocolin Woodlands Resort application for a Category 3 resort gaming license, which was recently submitted to the Pennsylvania Gaming Control Board.

I believe the addition of this casino, would lead to creation of hundreds of jobs for Fayette County, which traditionally has one of the highest unemployment rates in Pennsylvania.

It was recently announced that Nemaocolin Woodlands has reached a management and marketing agreement with Isle of Capri Casinos to manage its casino. Isle of Capri is considered one of the country's most respected gaming operators, so it is abundantly clear that they can effectively and profitably operate a casino. The five-star Nemaocolin resort, with the addition of a casino, would offer a unique customer experience while maximizing economic *benefits for the state.*

Thank you in advance for your kind review of this request. It is my hope that Nemaocolin Woodlands Resorts will succeed in securing a Category 3 gaming license, which will bring badly needed economic development to Fayette County. Please contact my office if you would like to discuss this further.

Sincerely,

Gregory Fajt, Chairman
C/O Kevin O'Toole, Executive Director
Pennsylvania Gaming Control Board
5th Floor, Strawberry Square
Harrisburg, PA 17101

Dear Mr. Fajt:

I'm writing to enthusiastically endorse the issuance of the last resort gaming license to Lady Luck Nemacolin. Let me explain why.

Nemacolin Woodlands is an established year round resort with the infrastructure already in place to allow gaming to quickly flourish. About 70% of their guests are from outside the Western Pennsylvania region. Additionally, they have an established out of state clientele; about 60% of their visitors are non-residents. The resort can produce these numbers because of their existing amenities: world class golf, extensive conference facilities and a host of interesting activities like off road driving and sporting clays. Because so many clients hail from out of state, it is believed that gaming at Lady Luck Nemacolin won't significantly impact or compete with gaming at other venues in Southwest Pennsylvania.

But foremost in my mind regarding the positive attributes of Nemacolin are the people. The citizens of our area want gaming at Nemacolin -- they'll embrace it! This is in stark contrast to some of the testimony received by the PGCB from residents in other competing locations, especially Gettysburg and Mechanicsburg. With one of the highest rates of unemployment in the state, the citizens of our region won't take these new jobs for granted; they'll become stakeholders in the venture, not mere employees, and that is why I'm convinced this entire undertaking will be successful.

RECEIVED

OCT 27 2010

PGCB

Chairman Greg Fajt
Page Two
October 26, 2010

Nemacolin is as near to "Shovel Ready" as any location in this competition; they have a building that was specifically constructed to operate as a casino and they estimate that they can be fully operational within 9 months of licensure. Based on their stellar track record, I'm inclined to believe them.

As a person who frequents Nemacolin, I can vouch for their professionalism and experience. I have no doubt that, if chosen, the management team and employees of the resort will quickly build the gaming end of their business into the most successful casino in the state.

Thank you for taking my thoughts into consideration. Please don't hesitate to contact my office should you have any questions about my support for the Nemacolin application.

Respectfully yours,

RE: Lady Luck Nemacolin

Dear Mr. O'Toole:

*Nemacolin Woodlands has submitted an application to the Pennsylvania Gaming Control Board for the remaining resort gaming license. The project, Lady Luck Nemacolin Woodlands, is planned to be a \$50 million investment at the resort. In addition to **providing** an important new amenity to Pennsylvania's greatest resort, the new casino will house 600 state-of-the-art slot machines, up to 50 exciting table games, a new casual dining restaurant, entertainment options, and other amenities.*

Nemacolin Woodlands has partnered with the well respected Isle of Capri Casinos to manage and operate the proposed facility. Isle of Capri is one of the most respected gaming operators in the United States. They have the right experience to help fulfill our vision for a true resort gaming experience at Nemacolin Woodlands to enhance the wide variety of amenities already available at the resort.

Nemacolin Woodlands is the best location to fulfill the intent of the Legislature. Nemacolin is an "established year round resort," as the law requires, in addition, it offers by far the greatest variety of existing amenities, recreational activities, dining, and lodging options. The resort has been recognized for many years with dozens of national, regional and local travel awards, more than any other resort in Pennsylvania.

Nemacolin Woodlands is already the state's premier resort venue hosting 350,000 guests annually and offering a vast array of amenities. These amenities include the Woodlands Spa, the legendary Mystic Rock Golf Course, sporting clays, off road driving course, skiing, numerous dining options and many other activities. I believe that, with Isle of Capri, Nemacolin Woodlands can soon offer the most unique gaming experience

RECEIVED

OCT 08 2010

PGCB

October 7, 2010

in the Commonwealth and one that maximizes the tax and employment benefits for the state.

Nemacolin Woodlands will bring the greatest amount of new revenue into Pennsylvania. Currently, 70% of the guests are from outside Western Pennsylvania and 60% of the guests are from outside Pennsylvania. The renowned conference and meeting facilities, as well as some of the best golf on the East Coast, will continue to draw visitors from across the country. The casino will add to the resorts ability to bring business into the Commonwealth from far and wide.

Nemacolin Woodlands will create a significant direct economic impact for an area in need. Currently employing up to 1,200 associates at the Resort, Lady Luck Nemacolin Woodlands will create 600 new jobs, in addition to at least 120 construction jobs. This is a significant benefit for a county with Pennsylvania's second highest unemployment rate.

The Lady Luck Casino offers the Commonwealth the greatest amount of certainty in getting the casino operation quickly and producing tax revenue. It already has a beautiful building designed and built specifically for a casino. It only needs to be slightly expanded and renovated with new finishes. The project is fully funded and they estimate it can be expanded and renovated with new finishes. The casino can be operational within 9 months of licensure. Perhaps most importantly, this facility can be creating jobs and generating tax revenue more quickly than any other applicant.

Nemacolin Woodlands is truly supported by its local community. The resort is in a location that already has infrastructure to support this type of activity and its location is perfect to bring in incremental new tax revenue to the Commonwealth. The tourism industry of the Laurel Highlands region is fully supportive of this application.

I sincerely hope Nemacolin Woodlands will be granted the last casino license.

Sincerely,

Deberah Kula

Pennsylvania Gaming Control Board
5th Floor, Strawberry Square
Harrisburg, PA 17101

Dear Chairman Fajt:

We, the undersigned members of the Southwest Caucus, support the Woodlands Fayette, LLC application for a Category 3 gaming license.

The Lady Luck Nemacolin will be a \$50 million investment at the resort. The new casino will house 600 state-of-the-art slot machines, up to 50 table games, a new casual dining restaurant, entertainment options, and other amenities. Nemacolin has partnered with the Isle of Capri Casinos to manage and operate the proposed facility. Isle of Capri is one of the most respected gaming operators in the United States.

Nemacolin Woodlands resort is in a location that already has the infrastructure to support this type of activity. This location is perfect to bring in new tax revenue to the Commonwealth. The tourism industry of the Laurel Highlands region is fully supportive of this application.

As Pennsylvania's premier resort, Nemacolin Woodlands hosts 350,000 guests annually and offers a vast array of amenities. These amenities range from the Woodlands Spa, to legendary Mystic Rock Golf Course, to sporting clays, off road driving course, skiing, numerous dining options and many other activities. Nemacolin is best suited to tap into large out of state feeder markets for the casino, including Baltimore, D.C., New York and New Jersey, all of which are already top feeder markets of the resort.

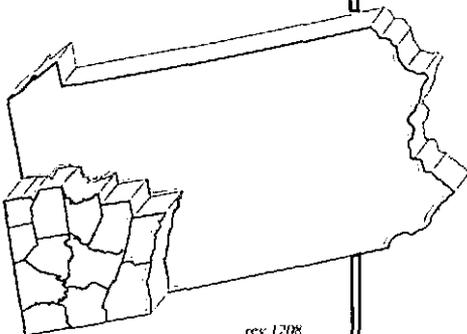

Nemacolin will create a significant, direct economic impact for an area in need. Currently, employing up to 1,200 associates at the Resort, Lady Luck Nemacolin will create 600 new jobs, in addition to at least 120 construction jobs. This is a significant benefit for a Southwest Pennsylvania county with Pennsylvania's second highest unemployment rate.

Thank you for your consideration.

Sincerely,

Re: Nemacolin Woodlands Resort
Resort Gaming License Application

Dear Chairman Fajt,

It is my understanding that the Pennsylvania Gaming Control Board is currently considering applications for the final resort gaming license in the Commonwealth and that Nemacolin Woodlands is an applicant. Please accept this letter as my support for their efforts to obtain the resort license.

Nemacolin Woodlands is located a short distance from my senatorial district. It is a magnificent resort that offers considerable amenities to its guests and visitors. I was pleasantly surprised to find out that the Isle of Capri Casinos would be partnering with Nemacolin in this venture should they be successful in obtaining the license. Isle of Capri Casinos is one of the most respected gaming operators in the United States, and has the resources and vision to turn this into a true resort gaming facility.

In addition, Nemacolin Woodlands has the infrastructure to rapidly get the casino up and running, resulting in immediate revenue to the State and surrounding communities. I believe this is their best asset, as it will immediately become an added attraction to the residents of Maryland, Ohio and West Virginia.

I respectfully ask that you consider awarding the remaining resort gaming license to Nemacolin Woodlands Resort. If you have any follow up questions regarding my support of this application, please do not hesitate to contact me. Thank you.

Sincerely,

A handwritten signature in black ink, appearing to read "Kim Ward".

Gregory Fajt, Chairman
c/o Kevin O'Toole, Executive Director
Pennsylvania Gaming Control Board
5th Floor, Strawberry Square
Harrisburg, PA 17101

Dear Mr. Fajt:

I am writing to respectfully submit these comments in support of the Woodlands Fayette, LLC application for a Category 3 gaming license.

1. Nemacolin Woodlands Resort is known worldwide and has built a reputation of being one of the Commonwealth's and North America's premier resort destinations hosting 350,000 guests annually and offering a vast array of amenities.
2. Set on 2,000 acres, Nemacolin Woodlands offers an array of seasonal and year-round amenities ranging from the world class Woodlands Spa, the Mystic Rock Gold Course, tennis, the Shooting Academy, and the Equestrian Center, to fly fishing, climbing wall, off road courses, skiing, polo, fine dining, and many other activities. Nemacolin offers visitors something for all ages in every season. It even hosted several different PGA and PGA related golf events.
3. Beyond the obvious benefits for the resort itself, the additional casino amenity would provide a much-needed boost to the local economies by driving tourism and creating hundreds of badly needed jobs.
4. Granting the application for Lady Luck Nemacolin will enhance the resort's appeal and attract more out-of-state visitors. Currently, 60% of their guests are from outside of PA. Nemacolin is already recognized for its professionalism and top-rated amenities and there is no reason to think gaming would not have the same exceptional level of service.
5. Nemacolin Woodlands is partnering with Isle of Capri, one of the most respected gaming operators in the United States. The company owns and operates 14 casino properties in six states. Isle of Capri has the right experience to help Nemacolin Woodlands fulfill their vision for a true resort gaming experience at Nemacolin to add to the wide variety of amenities already available at the resort.

Please accept my comments in support for the Woodlands Fayette, LLC Category 3 gaming application.

Sincerely,

A handwritten signature in black ink, appearing to read 'Frank Burns'.

RE: I SUPPORT LADY LUCK - NEMACOLIN

Dear Members of the Gaming Control Board:

You have an important decision to make regarding the granting of the Category 3 gaming license. I believe that a casino at Nemacolin Woodlands Resort is the best choice to boost Pennsylvania tourism, create new revenues and increase economic opportunity in the state.

The addition of Lady Luck Casino at Nemacolin Woodlands Resort will add an important new amenity to Nemacolin's array of activities that will boost tourism and inject needed new dollars into the Pennsylvania economy. Further, the casino project itself will add hundreds of well paying new jobs in Fayette County, which has among the highest unemployment rates in Pennsylvania, and produce tens of millions of dollars in new tax revenue for the state.

Adding a new casino at one of the other proposed locations should not satisfy the test of a "resort" casino, and will only shift revenues from existing casinos. This would decrease the total economic benefit to Pennsylvania.

For these reasons, I encourage you to grant the gaming license to Nemacolin, Pennsylvania's premier, most well-established resort destination, and the only resort that truly meets the intent of the Gaming Act when it created the Category 3 resort license.

Sincerely yours,

Anley or Pat Stroker

Dear Members of the Gaming Control Board:

You have an important decision to make regarding the granting of the Category 3 gaming license. I believe that a casino at Nemacolin Woodlands Resort is the best choice to boost Pennsylvania tourism, create new revenues and increase economic opportunity in the state.

The addition of Lady Luck Casino at Nemacolin Woodlands Resort will add an important new amenity to Nemacolin's array of activities that will boost tourism and inject needed new dollars into the Pennsylvania economy. Further, the casino project itself will add hundreds of well paying new jobs in Fayette County, which has among the highest unemployment rates in Pennsylvania, and produce tens of millions of dollars in new tax revenue for the state.

Adding a new casino at one of the other proposed locations should not satisfy the test of a "resort" casino, and will only shift revenues from existing casinos. This would decrease the total economic benefit to Pennsylvania.

For these reasons, I encourage you to grant the gaming license to Nemacolin, Pennsylvania's premier, most well-established resort destination, and the only resort that truly meets the intent of the Gaming Act when it created the Category 3 resort license.

Sincerely yours,

Judy Elisan

The addition of Lady Luck Casino at Nemacolin Woodlands Resort will add an important new amenity to Nemacolin's array of activities that will boost tourism and inject needed new dollars into the Pennsylvania economy. Further, the casino project itself will add hundreds of well paying new jobs in Fayette County, which has among the highest unemployment rates in Pennsylvania, and produce tens of millions of dollars in new tax revenue for the state.

Adding a new casino at one of the other proposed locations should not satisfy the test of a "resort" casino, and will only shift revenues from existing casinos. This would decrease the total economic benefit to Pennsylvania.

For these reasons, I encourage you to grant the gaming license to Nemacolin, Pennsylvania's premier, most well-established resort destination, and the only resort that truly meets the intent of the Gaming Act when it created the Category 3 resort license.

Sincerely yours,

Jugh-Jhne Castram

Fayette Chamber of Commerce

July 9, 2010

Pennsylvania Gaming Control Board
Chairman Gregory C. Fajt
PO Box 69060
Harrisburg, PA 17106-9060

Dear Mr. Fajt:

On behalf of the Fayette Chamber of Commerce, I'm writing this letter to express our support for a category three gaming license for Nemacolin Woodlands Resort & Spa.

The mission of the Fayette Chamber of Commerce is to promote a favorable business climate for members and their communities, and to provide leadership and support for efforts to improve the local economy, education systems, political environment, and overall quality of life. The Chamber also supports The Redstone Foundation, which contributes to Chamber goals through education and outreach projects and programs. Our membership includes over 570 businesses representing well over 18,000 employees.

The potential benefits for Fayette County are great. Fayette County currently ranks with the highest unemployment rate per capita in the Commonwealth. The jobs that would be created at Nemacolin would make a substantial impact. In addition, the 2 percent revenue that is brought in through the gaming taxes would provide significant impact on the municipal and county budgets.

As tourism is already a lead economic generator in our area, the addition of the gaming license will many-fold benefit county-wide that will trickle down into all levels of our business community. It is with the greatest level of confidence in the capabilities of Nemacolin Woodlands and Isle of Capri that I, as the executive director of the Fayette Chamber of Commerce, on behalf of our Board of Directors and general membership proudly support Nemacolin Woodlands Resort and Spa in their quest for a category three license.

Sincerely,

Muriel Johnson-Nuttall
Executive Director

CC: Chris Plummer, General Manager, Nemacolin Woodlands Resort & Spa

MILLYS N. ALTMAN

Attention: Board Secretary

Dear Sir:

For years, I have enjoyed Nemaocolin Woodlands Resort and Spa. The hours I have spent there have given me much pleasure and I consider a visit there to be a first rate experience. Nemaocolin would like to add a casino to their amenities and it would be welcome addition to the facility.

Fayette County is one of the poorest counties in the state and the employment opportunities at Nemaocolin have been a boon to us. The money that a casino would bring into the county is sorely needed.

Please give Nemaocolin Woodlands top priority in consideration for a new casino at Farmington.

Sincerely,

Millys Altman

RE: Woodlands Fayette, LLC

Dear Chairman Fajt,

My name is Doug Benms, and I'm a business acquaintance of the Hardy family, owners and operators of Nemaocolin Woodlands Resort in Wharton Township. I appreciate your review of this letter, which, while longer than my usual brief statements, contains detail that is warranted.

Yesterday, I attended the hearing at the Wharton Township Hall in support of Nemaocolin Woodlands as the licensee location for the resort-casino license your board is considering. Though I had just learned of the hearing on the morning it was scheduled, I wanted to support the Hardys and the project (I was on site at Nemaocolin finalizing the details of a major event I'm involved in planning to be held later in the month at Nemaocolin.). While I am not a Pennsylvania resident, I hope my input and perspective is of value to you, as I reside in Ohio and do a great deal of work in the Washington, D.C. area.

To frame this story, some background is useful. I am the National Association of Entrepreneurship's President, and I also lead a holding company with 12 operating units. One of these companies manages national associations, and another develops and implements association programs. I am involved daily with their operation and management. A primary focus of these companies is producing and managing events, programs, and conferences. We work with dozens of venues annually, including venue appraisal and selection. With two decades of personal experience, I have been to thousands of properties, and worked with hundreds of venues including some of the nation's premier gaming resorts. Frankly, I've seen many that were sub-par and worse.

One hospitality venue my organizations works with, without question, stands above the rest. This is where my path crosses with Nemaocolin and the Hardy Family. My organizations are working with Nemaocolin on several events, and have recommended the resort to hundreds.

Association Management Team

I don't pretend to understand the many considerations involved in selecting a casino venue, but my instincts tell me that three "big-picture" issues are critical. The first is location and geographic consideration; on this point Nemacolin is well-suited. The other issues pertain to "what is in the state's best interest?" and are: quality operation and marketing, and proper stewardship of the license.

Quality Operation and Marketing

You have had ample testimony and the stellar track record to evaluate the Isle of Capri as a casino operator. So I'd like to share my perspective on the Nemacolin team's ability to properly market the overall resort as a unique destination with a casino attraction. The reason my organizations have a relationship with Nemacolin is simple: they have the absolute best sales team in the industry.

I met Dennis Noonan, Nemacolin's Vice-President of Sales, through a Cleveland associate. I hesitated to attend an event promoting Nemacolin because I didn't want to give up an afternoon to learn about "another resort." To my surprise, I left the presentation convinced that the Laurel Highlands, and Western Pennsylvania was the *only* place to have an event or take my family, and that Nemacolin was the only venue. This was no easy feat considering I am a lifelong Browns fan with no love of Three Rivers Stadium (dating myself). Today, I can't talk with another Cleveland CEO who isn't familiar with Nemacolin.

The story doesn't stop in Cleveland. Because my second home is Washington D.C., I ran into Dennis and his team again there, and found the same experience I found in Cleveland. With this in mind I decided I must visit Nemacolin and see it for myself. The rest is history – we were sold!

Nemacolin's unique selling proposition will be strengthened and enhanced with a casino offering. Many association executives and my colleagues try to offer the widest array of amenities to their members when selecting a venue. Nemacolin's current offerings, when combined with a casino, would create a one-of-a-kind option that just isn't available today, and would dramatically increase the appeal of Western PA as a destination for business meeting travelers. This addition, combined with Nemacolin's powerhouse team, will attract *many* new visitors to Nemacolin and Pennsylvania.

Proper Stewardship

Nemacolin's most unique and impressive selling point is the fact that it is really Mr. Hardy's home – and he and his daughter Maggie treat it just that way.

On the surface Nemacolin is a rare mix. Unless you know Mr. Hardy! Where else can you find the most luxurious hotels, restaurants, spas, and turn the corner to find a chunk of the Berlin Wall and zoo animals. From fine art and Jeep courses, to zip lines and PGA golf, to an airstrip, vintage cars, and little buses to take you everywhere!

The staff is the planet's friendliest, and they're proud to be a part of Nemaocolin, and the local community. The biggest testimony to the wonder of Nemaocolin is from my family! They only beg me to take them to one place. They love Nemaocolin and its team. My children now think of Pennsylvania as a magical place because "Brad the Butler" brings rubber bands to my eight-year-old, "Animal Keeper Tim" takes my one-year-old to feed a camel, and "Stacey the Hairdresser" provides beauty tips to my eldest daughter. Rest assured that I don't remember many names from the other venues.

So you should ask yourself two questions. "Do you want a casino in your backyard?" and "Why would Mr. Hardy?" I'm not sure I'd want one in my backyard, but Mr. Hardy's remarkable success shows that he knows what *works*. You've heard volumes of testimony about the caliber of people Maggie and Mr. Hardy are, to which I simply say "ditto." So if you're asking "who will be the best steward of your license?" there could be no better applicant. While other applicants may be fine people, nobody else will be looking out their back window and making sure the casino is properly operated and cared for, and that it continually conforms to Nemaocolin's exacting overall resort standards.

In the era of mundane local casinos (coming to my town soon), you have what I think is a rare opportunity to create a real shining star in your state. So, I would ask that you carefully consider this chance to help create something truly special. As someone who chooses group destinations daily, your decision to grant Nemaocolin the casino license would add a powerful arrow to my quiver.

If you have any questions, please feel free to give me a call anytime. My direct number is

Sincerely,

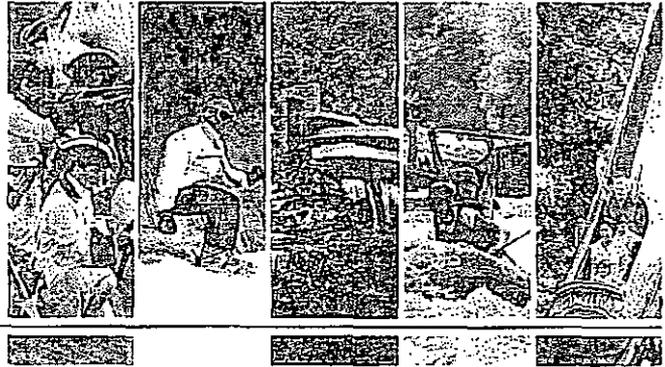

Doug Bennis
President

May 3, 2010

Mr. Chris Plummer
Nemacolin Woodlands Resort
1001 Lafayette Drive
Farmington, PA 15437

Dear Mr. Plummer

On behalf of the Laurel Highlands Visitors Bureau, I am pleased to provide this letter of support for Nemacolin Woodlands Resort's "Category 3" casino license. Tourism is a leading industry in the Southwestern Pennsylvania region - generating over \$700 million in revenue annually. The casino will deliver increased tourism based income as well as additional tax revenue for the area. It also has the potential to create 600 new, direct employment opportunities as well as creating additional economic benefit for other tourism venues and local businesses.

The casino will be a wonderful addition to this well established luxury destination in the Laurel Highlands. It will attract new visitors and groups to the area; offer additional entertainment options for guests and visitors; increase the average daily expenditures; and provide an incentive for guests to extend their stay. The entire Laurel Highlands will also benefit as this new Nemacolin amenity delivers shoulder season and mid-week visitors to the region.

As the official tourism promotion agency for Fayette, Somerset and Westmoreland Counties, the Laurel Highlands Visitors Bureau stands in strong support of Nemacolin Woodlands Resort's casino license application. If we can provide any further assistance or support, please do not hesitate to call on us.

Sincerely,

Donna R. Holdorf
Interim Executive Director

Church Communities International

April 7, 2010

Ms. Doreen Appel
Communications
Pennsylvania Gaming Control Board
303 Walnut Street
Verizon Tower Strawberry Square
Harrisburg PA 17101

RE: Opposition to Category 3 Slot-Machine License and table game certificate at Nemacolin Woodlands Resort (Applicant: Woodlands Fayette, LLC).

Dear Ms. Appel,

Over fifty years ago, the small Village of Farmington (Wharton Township), Pennsylvania became home to a Christian community known as the New Meadow Run Community. Today over six hundred people, including children and elderly, reside in two communities known as New Meadow Run and Spring Valley. Both communities are immediate neighbors to Nemacolin Woodlands Resort where legalized gambling has been proposed. New Meadow Run, Spring Valley, and Nemacolin Woodlands are contiguous properties.

We share a religious tradition similar to the better known Amish and Brethren churches. Safeguarding the quality of life for our children and preserving our religious mode of life was a foremost concern when we settled in the area and it remains so now.

Our straightforward request is that the Commonwealth of Pennsylvania and its Gaming Commission give proper consideration to the harmful impacts of gambling on our unique communal setting and the neighborhood surrounding Nemacolin Woodlands. Unlike self-contained entertainment venues such as racetracks, the Nemacolin site will pose risks to our children and jeopardize neighborhood welfare in the village of Farmington.

Our chief concerns include traffic congestion (forcing Route 40 to be widened), noise, nightlife, drunk driving and general deterioration of the neighborhood surrounding our communities. Our concerns are heightened by the fact that the proposed gambling facility will not be setback and self-contained like the family-oriented Nemacolin Resort Hotel compound. It will be in an outlying roadside building suited to transient customers who will not be subject to the self-policing incentives of the resort and its wealthy clientele.

Pennsylvania Gaming Control Board
April 7, 2010
Page 2 of 2

Upon proper consideration of the negative impacts on our unique circumstances and in light of alternatives, we are confident that no Category 3 license and table certificate will be granted to Woodlands Fayette, LLC. However, in the regrettable event that the Gaming Commission disagrees, it is imperative that any license granted to Woodlands Fayette, LLC be strictly limited to prevent future expansion and encroachment on our religious communities and the surrounding neighborhood. We are concerned about assignment of any license to a larger gaming operator such as Isle of Capri, and request that any future assignment be subject to public review and appropriate approvals.

We have expressed our concerns directly to the Hardy family. It has always been our resolve to live inoffensively and quietly, respecting the rights of others. Our plea is that we be allowed unhindered to continue to live out our calling without infringement by state sanctioned activity. On behalf of all at New Meadow Run and Spring Valley, I am writing to voice our concern about these developments.

Respectfully,

A handwritten signature in cursive script that reads "Paul Winter".

RE: Opposition to Category 3 Slot-Machine License and Table Games Certificate at Nemaocolin Woodlands Resort (Applicant: Woodlands Fayette, LLC).

Dear Ms. Kane, and To Whom It May Concern:

Founded in Germany in the 1920s, Church Communities is an offshoot of the sixteenth century Christian Anabaptist movement, sharing roots with the better-known Amish, Mennonite, and Brethren Churches. Forced to leave Germany in 1937 by the National Socialist regime, members gained asylum in several European countries before immigrating to Paraguay, South America. In 1954, the first United States based Church Community began in Rifton, NY, where the international Order is currently headquartered.

Today, approximately 3,000 people live in locations in the U.S., Europe, South America and Australia. More specific to this letter, in 1957 Church Communities established a community in Farmington Pennsylvania. At present approximately 500 people live in the New Meadow Run and Spring Valley Communities in the town of Farmington PA. Safeguarding the quality of life for our children and preserving our religious mode of life was a foremost concern when we settled in the area and so it remains.

Our request is that the Commonwealth of Pennsylvania and the Pennsylvania Gaming Control Board give proper consideration to the harmful impacts of gambling on our unique communal setting that is contiguous to Nemaocolin Woodlands Resort. Built on property immediately adjacent to our communities, activities occurring at the Nemaocolin Resort properties have a tangible impact on our way of life.

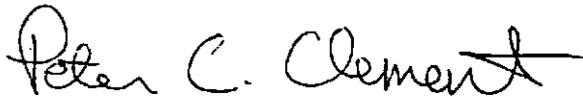

Our chief reasons for opposing a Category 3 Slot Machine License and Table Games Certificate for Nemaocolin includes traffic congestion (forcing Route 40 to be widened), noise, nightlife, drunk driving and general moral decline in the neighborhood surrounding our communities. Our concerns are heightened by the fact that the proposed gambling facility will not be setback and self-contained like the family-oriented Nemaocolin Resort Hotel compound. It will be in an outlying roadside building suited to transient customers who will not be subject to the self-policing incentives of the resort and its wealthy clientele.

Pennsylvania Gaming Control Board
August 24, 2010

In the regrettable event that a license is granted to Woodlands Fayette, LLC, it is imperative that this be strictly limited to prevent future expansion and encroachment on our religious communities and the surrounding neighborhood. We are concerned about assignment of any license to a larger gaming operator such as Isle of Capri, and request that any future assignment be subject to public review and appropriate approvals.

While we have expressed our concerns directly to the Hardy family, our plea to you is that Church Communities be allowed unhindered to continue to live out our religious vocation without infringement by state sanctioned activity. On behalf of all at New Meadow Run and Spring Valley, I write to voice our concern and state our objection to these proposed developments.

Respectfully,

A handwritten signature in cursive script that reads "Peter C. Clement". The signature is written in black ink and is positioned above the typed name.

Peter Clement
Pastor

Enclosures

Pennsylvania Gaming Control Board
 August 23, 2010

We, the undersigned, are concerned citizens who urge the Pennsylvania Gaming Control board to act now and deny a Category 3 Slot Machine License and table game certificate at Nemacolin Woodlands Resort.

A PETITION

With my signature, I urge the members of the Pennsylvania Gaming Control Board to approve a Category 3 gaming license for Nemaocolin Woodlands Resort, Pennsylvania's premier resort destination.

Building a new casino at Nemaocolin Woodlands will provide much needed jobs and economic activity to Fayette County, which currently has one of the highest unemployment rates in the state of Pennsylvania. Lady Luck Casino at Nemaocolin Woodlands will be a positive addition to the community, will add an exciting amenity to the well-established resort, and will have a significant impact on the economy of Pennsylvania through new jobs, wages, spending and taxes.

For these reasons, I encourage you to act as swiftly as possible in granting a gaming license to Nemaocolin Woodlands Resort

With my signature, I urge the members of the Pennsylvania Gaming Control Board to approve a Category 3 gaming license for Nemaocolin Woodlands Resort, Pennsylvania's premier resort destination.

Building a new casino at Nemaocolin Woodlands will provide much needed jobs and economic activity to Fayette County, which currently has one of the highest unemployment rates in the state of Pennsylvania. Lady Luck Casino at Nemaocolin Woodlands will be a positive addition to the community, will add an exciting amenity to the well-established resort, and will have a significant impact on the economy of Pennsylvania through new jobs, wages, spending and taxes.

For these reasons, I encourage you to act as swiftly as possible in granting a gaming license to Nemaocolin Woodlands Resort.

Isle of Capri Casinos

With extensive experience in multiple gaming jurisdictions, Isle of Capri Casinos, Inc. is one of the most seasoned companies in the regional gaming entertainment industry. [Click here to learn more.](#)

About Lady Luck Nemacolin

Nemacolin Woodlands has applied to the Commonwealth of Pennsylvania for the remaining resort gaming license. The project – Lady Luck Nemacolin – is planned to be a \$50 million investment at the resort that will produce tens of millions of dollars in tax Pennsylvania tax revenue every year. The new casino will house 600 state-of-the-art slot machines, up to 50 exciting table games, a new casual dining restaurant, entertainment options and other amenities. The Nemacolin proposal, which is competing with three other applicants for the last casino license available in the Commonwealth, will provide guests with more to experience than any other resort, and the state has everything to gain.
