

Would you consider partial awards to multiple vendors for this RFP (Example: One vendor would handle your employment screening and another would handle your business-to-business screening.) **No, the PGCB will not consider partial awards.**

Are you seeking a flat-rate price for services such as employment verification (15-year history), or is it acceptable to price per verification? (Please note: Not all applicants may have 15 years of employment history. It may be more cost-effective to search on a per-verification basis.) **Flat rate is listed via a la carte. We are asking for pricing per package as well as a la carte.**

Is your current provider already processing information via the requested SFTP and/or Web Service Interface process outlined under the Technical Requirements section of the RFP? **Yes for SFTP, No for Web Service Interface** If yes, are they also providing this information following the interface file specifications in Appendix I, K and J? **The current vendor is providing this information following the interface file specifications in the appendix listed except the processing for the 4506 which, is newly added for this RFP.**

Can you provide your current source for obtaining gaming license verifications? **PGCB obtains gaming license verifications independently. Obtained through a database and sending a letter directly to Jurisdiction.**
