About the Pennsylvania Gaming Control Board

The Pennsylvania Gaming Control Board is tasked to oversee all aspects of gambling legalized under 2004's Race Horse Development and Gaming Act and the Gaming Expansion Act of 2017. In addition to slot machine and table games gambling at 13 land-based casinos, the expansion includes online casino games available to date on 12 sites; sports wagering offered through sportsbooks at 14 retail locations and through 12 online outlets; video gaming terminals (VGTs) offered as of this date at 41 qualified truck stops; and, fantasy sports contests through six providers.

The land-based casino industry in Pennsylvania currently consists of six racetrack (Category 1) and four stand-alone (Category 2) casinos in, along with the two resort (Category 3) casinos and one mini-casino (Category 4). These facilities collectively employ over 16,000 people and, along with other types of Board-regulated gaming, annually generate over \$1.5 billion in tax revenue. An additional Category 2 casino plans to open in the first quarter of 2021, while a number of Category 4 casinos are expected to begin operation over the next couple of years.
