HARRISBURG, PA: The Pennsylvania Gaming Control Board today posted on its web site the December Fantasy Contests Revenue Report. The report provides a breakdown on fees collected from the play of Pennsylvania participants, Fantasy Contests Operators' adjusted revenue, and tax revenue due to the Commonwealth. Fantasy Contests adjusted revenue for December was \$2,860,503 compared to adjusted revenue of \$3,241,161 in November.

About the Pennsylvania Gaming Control Board:

The Pennsylvania Gaming Control Board is tasked to oversee all aspects of the state's casino industry, including sports wagering offered currently by four casino operators. The oversight also includes other new gaming initiatives, expected to be launched in the coming months, which were created through Act 42 of 2017, an amendment to the Race Horse Development and Gaming Act.

The Commonwealth's casino industry currently consists of 10 stand-alone and racetrack casinos in operation, along with the two smaller resort casinos. These facilities collectively employ 17,000 people and annually generate approximately \$1.4 billion in tax revenue from slot machine and table games play. The largest portion of that money is used for property tax reduction to Pennsylvania homeowners.
