Attention: Board Clerk

Pursuant to Section 1326 of the Pennsylvania Race Horse Development and Gaming Act, all licenses are subject to periodic renewal. The renewal application must include an update of the information since its last renewal.

To implement the renewal requirement, the Board utilizes a two-step process:

- First, a public input hearing is held before the Director of the PGCB's Office of Hearings and Appeals for the purpose of receiving documentary evidence, hearing testimony and building a record which the Board will use in its licensing decision. The hearing

record, along with a report from the Director of Hearings and Appeals, will be transmitted to the Board.

- The second step is to hold a separate public hearing in Harrisburg at a later date where representatives of the casino licensee will offer evidence and oral arguments. At that time, the Board members can ask additional questions.

The burden is on the renewal applicant to establish and demonstrate, by clear and convincing evidence, its eligibility and suitability for renewal of a gaming license. During the hearing, the renewal applicant will be given the opportunity to demonstrate, among other things, its good character, honesty and integrity; compliance with its statement of conditions; as well as provide evidence on tax revenue generated; jobs created; success in implementing its diversity plan; and involvement in the surrounding communities.

Following this proceeding, the Board will ultimately determine whether the licensee remains eligible and suitable consistent with the laws of the Commonwealth and are otherwise qualified to have the license renewed for a five-year period.

All questions that are not press-related should be referred to the PGCB's Office of Hearings and Appeals at (717) 265-7451.
