About the Pennsylvania Gaming Control Board

The Pennsylvania Gaming Control Board is tasked to oversee all aspects of gambling legalized under 2004's Race Horse Development and Gaming Act and the Gaming Expansion Act of 2017. In addition to slot machine and table games gambling at land-based casinos, the expansion includes online casino games available to date on 11 sites; sports wagering offered through sportsbooks at 12 retail locations and through 10 online outlets; video gaming terminals (VGTs) offered as of this date at 35 qualified truck stops; and, fantasy sports contests through eight providers.

The mature land-based casino industry in Pennsylvania currently consists of 10 stand-alone and racetrack casinos in operation, along with the two smaller resort casinos. These facilities collectively employ over 16,000 people and, along with other types of Board-regulated gaming, annually generate over \$1.5 billion in tax revenue. Construction of a 13th casino is currently underway along with a number of new "mini-casinos" expected to begin operation over the next couple of years.
