About the Pennsylvania Gaming Control Board:

The Pennsylvania Gaming Control Board is tasked to oversee all aspects of the state's casino industry, along with oversight of new gaming initiatives created through amendments to the Race Horse Development and Gaming Act recently approved by the signing of Act 42 of 2017. To date, the PGCB regulates the play within the Commonwealth of Fantasy Sports Contests along with three casino operators offering Sports Wagering. Additional new gaming initiatives are expected to launch in the coming months.

The Commonwealth's casino industry currently consists of 10 stand-alone and racetrack casinos in operation, along with the two smaller resort casinos. These facilities collectively employ 17,000 people and annually generate approximately \$1.4 billion in tax revenue from slot machine and table games play. The largest portion of that money is used for property tax reduction to all Pennsylvania homeowners.

Additional information about both the PGCB's gaming regulatory efforts and Pennsylvania's gaming industry can be found at gamingcontrolboard.pa.gov. You can also follow the agency on Twitter by choosing @PAGamingControl.
