FOOTNOTES:

¹ Please note that the filing of amended returns can cause revisions in previously published statistics.

² The state tax on banking, non-baning and electronic gaming tables is 14% for the first two years following commencement of table games operations at each licensed facility. After the initial two years, the tax rate drops to 12%. The state tax on fully automated electronic table games is currently 48%. Both rates decline 2% on the second anniversary of the introdution of table games at that partictular facility. Effective August 1, 2016, 2% tax increase on all casinos' gross table games revenue. This additional 2% tax is set to expire on August 1, 2021.

³ Non-Banking table games are those in which a player competes against another player and the casino collects a rake.

⁴ Banking table games are those in which a player competes against the casino rather than another player.

⁵ Electronic gaming tables are defined by statute and generally include a mechanical, electrical or computerized contrivance, terminal, machine or other device which is available for play or operation by one or more players as a table game.
