

20 YEARS

2025 - 2026 ANNUAL REPORT

VISION STATEMENT

The goal of the Pennsylvania Gaming Control Board is to be the premier gaming regulator in the United States, maintaining and enhancing public trust with honesty, integrity and credibility.

MISSION STATEMENT

The Pennsylvania Gaming Control Board, guided by the Gaming Act and supported by a dedicated professional staff, will protect the interest of the public by ensuring the integrity of legalized gaming through the strict enforcement of the law and regulations, the licensing of qualified individuals and entities, and fulfilling the objectives of legalized gaming in the Commonwealth to deliver a significant source of revenue, assist the horse racing industry, provide broad economic opportunities and enhance tourism.

MESSAGES FROM THE CHAIR & EXECUTIVE DIRECTOR

As Chair of the Pennsylvania Gaming Control Board, I am pleased to present the Board's 20th Annual Report, highlighting the accomplishments of Fiscal Year 2025–26. This milestone provides an opportunity not only to reflect on another successful year, but also to recognize two decades of regulatory oversight that have helped establish Pennsylvania as one of the nation's premier gaming jurisdictions.

Since the Board was created, Pennsylvania's gaming industry has evolved from simply slot machine gaming into one of the most comprehensive regulated gaming markets in the United States. Throughout that growth, the Board has remained steadfast in its mission to ensure that gaming is conducted with integrity, honesty, and accountability while protecting the public's safety and interests. Our commitment to strong regulation has fostered public confidence, encouraged responsible industry growth, and generated billions of dollars in tax revenue that benefit communities across the Commonwealth.

The Board also remains committed to promoting diversity, equity, and inclusion throughout Pennsylvania's gaming industry. We continue to encourage meaningful participation by diverse businesses and work to ensure that licensed gaming entities develop employment opportunities that reflect the makeup of the Commonwealth. These efforts strengthen our industry, broaden economic opportunity, and reinforce the principles of fairness and equal access.

The accomplishments highlighted throughout this report reflect the dedication and professionalism of the current and past Board's members, and in particular the agency's talented employees. Their expertise and commitment ensure that Pennsylvania's gaming industry continues to operate with the highest standards of integrity, transparency, and public accountability.

As we look ahead, the Board remains committed to adapting to an evolving gaming landscape while maintaining the public's trust. I am confident that the Pennsylvania Gaming Control Board will continue to meet new challenges with the same professionalism and dedication that have defined its first twenty years.

Denise J. Smyler

Chair

Fiscal Year 2025–26 marked another exceptional year for gaming in the Commonwealth, with Pennsylvania's regulated gaming industry once again generating record levels of revenue while maintaining the highest standards of integrity, compliance, and consumer protection. The accomplishments detailed throughout this report reflect the Pennsylvania Gaming Control Board's continued commitment to effective regulation, responsible gaming, and public service.

During the fiscal year, the Board oversaw continued growth across multiple forms of legalized gaming while supporting the opening of new gaming facilities, strengthening regulatory oversight, and modernizing policies to address an evolving industry. Significant progress was also made in advancing responsible gaming initiatives, including enhancements to the Board's Compulsive and Problem Gambling programs, and comprehensive updates to responsible gaming regulations. These efforts demonstrate our commitment to ensuring that gaming remains both economically beneficial and socially responsible.

Behind every accomplishment is the dedicated work of the Board's employees. From investigators, auditors, and compliance representatives to licensing specialists, attorneys, gaming laboratory personnel, information technology professionals, and administrative staff, each employee plays an essential role in maintaining public confidence in Pennsylvania's gaming industry. Their professionalism and expertise allow the Board to respond effectively to emerging technologies, evolving regulations, and the continued growth of legalized gaming.

This Annual Report, our 20th, highlights the many achievements of Fiscal Year 2025–26 and recognizes the collaborative efforts of our employees, Board Members, gaming operators, state and local partners, and law enforcement agencies. Together, we remain committed to protecting the public, promoting responsible gaming, and ensuring that Pennsylvania continues to serve as a national model for effective gaming regulation.

Kevin F. O'Toole

Executive Director

THE WORK OF THE PENNSYLVANIA GAMING CONTROL BOARD

General Overview

The Pennsylvania Gaming Control Board (“PGCB” or “Board”) is pleased to present its Fiscal Year 2025/2026 Annual Report to the Governor and the General Assembly in accordance with the Pennsylvania Race Horse Development and Gaming Act.

This report provides an overview of the Board’s regulatory activities and the performance of Pennsylvania’s licensed gaming industry during the fiscal year. In fulfilling its statutory reporting responsibilities, the report includes information on each form of gaming regulated by the Board: retail slot machines, retail table games, sports wagering, interactive gaming (iGaming), fantasy sports contests, and video gaming terminals at Truck Stops (VGTs). Collectively, these gaming sectors represent a diverse and evolving industry that generates \$3 billion in tax revenue, sustains over 15,000 jobs, and supports economic development throughout Pennsylvania.

As required by law, this report summarizes gaming revenues, taxes, fees, fines, and other assessments collected by the Commonwealth, along with information regarding licensed operators, gaming activity, regulatory actions, hearings, licensing, enforcement efforts, and the overall operations of the Board. It also provides statistical information for each gaming vertical, including revenue performance, gaming activity by licensed facility or operator, and other information.

The PGCB remains committed to ensuring that legalized gaming in Pennsylvania is conducted with honesty, integrity, and transparency while maintaining public confidence in the Commonwealth’s regulatory system. Through comprehensive licensing, rigorous oversight, ongoing compliance monitoring, and enforcement of gaming laws and regulations, the Board continues to foster a stable and well-regulated gaming environment that protects the public interest and supports the continued success of Pennsylvania’s gaming industry.

At the PGCB, fostering diversity in the gaming industry remains a fundamental priority. All licensed entities are required to implement Diversity and Hiring Plans that reflect a commitment to equal opportunity in contracting and employment. These initiatives are regularly reviewed

to ensure measurable progress toward enhancing representation within the gaming industry. (For further information on Diversity efforts consult the PGCB website and review the 2025/2026 Diversity report.)

Furthermore, the Board is committed to promoting responsible gaming by requiring licensees to maintain approved compulsive and problem gambling prevention plans (see page 14-15).

Administrative Director Claire Yantis and plaque designer Adam Elliott CCR unveil the PGCB 20 -Year Service Plaque

Total	379

Administration

The PGCB consists of nine Bureaus and Offices and operates under a budget of approximately \$60 million. Of the 379 Gaming Control Board employees: 172 have reached at least 10 years of service, which represents 45% of its employees; 138 have reached 15 years of service, which represents 36% of its employees; and 41 have reached 20 years of service, which represents 11% of its employees.

During Fiscal Year 2025/2026, the PGCB expanded its staff by 11 employees to address the continued growth of internet gaming and sports wagering, along with the addition of the new Happy Valley Casino in State College.

The Board's Office of Human Resources worked during the fiscal year to attract a diverse pool of talent, identifying and meeting with relevant affinity groups to explain their commitment to diversity, share opportunities and information, and build rapport and relationships.

Additionally, the agency has increased and diversified its presence on various social media platforms to interact and engage with different audiences to highlight job postings and Board initiatives and programs.

The Board, through its Office of Information Technology (OIT), has advanced several major initiatives focused on modernizing systems, improving operational efficiency, and strengthening its technology foundation.

Significant progress was also made on the development of GATES, the next-generation enterprise system that will ultimately replace several legacy applications. GATES has been a primary focus of IT resources throughout the year, and its first production release is nearing completion. This milestone marks an important step in the Board's multi-year modernization strategy.

Another major milestone regarding modernization was the implementation of the Gaming Lab Submission Hub (GLSH), a centralized application that streamlines how gaming manufacturers submit product forms to the PGCB Gaming Laboratory. GLSH enhances submission accuracy, improves processing timelines, and supports more efficient communication between the agency and regulated entities.

The agency also completed a comprehensive internal IT security assessment. The findings will guide future improvements and reinforce the PGCB's commitment to safeguarding systems, data, and operations.

Among many system enhancements, IT enhanced HR processes by expanding the use of FreshService, reducing manual efforts and improving processing consistency. The team also implemented more structured systems and processes to manage procurements, asset management, and service desk service level agreements, resulting in clearer oversight, improved accountability, and better service delivery.

THREE PILLARS OF COMMUNICATIONS

Our communications strategy is built on three core pillars that reflect the Pennsylvania Gaming Control Board's mission to educate the public, protect consumers, and keep them informed and engaged.

EDUCATE

Increasing awareness and understanding

We educate the public about gaming regulation, responsible choices, and the economic benefits of legalized gaming.

Responsible gaming information and resources

Illegal gambling awareness and consumer alerts

Behind the Bets in PA podcast and YouTube educational content

Revenue reports and economic impact

PROTECT

Safeguarding our communities and vulnerable populations

We promote safe, responsible gaming and are committed to protecting minors and those at risk.

"Don't Gamble with Kids" campaign

Problem gambling awareness and support resources

Promote 24/7 helpline information and referral services

Self-exclusion and voluntary programs

INFORM

Keeping the public informed and engaged

We provide timely, accurate, and transparent information to keep the public informed about the Board's work and its impact.

Monthly gaming revenue reports

Public meetings and hearings (livestream and archive)

Annual Report and Diversity Report

Website and social media updates and resources

Outreach and Communications

The Board is committed to ensuring that the public receives timely, accurate, and transparent information regarding its regulatory activities and the impact of legalized gaming throughout the Commonwealth. Through proactive communications and public engagement, the Board promotes accountability, fosters public confidence, and increases public understanding of its oversight responsibilities.

The Office of Communications serves as the Board’s primary public information resource and is responsible for communicating the Board’s actions and initiatives to the public, media, elected officials, and other stakeholders. The Office responds promptly to media and public inquiries, prepares and distributes news releases on Board actions and regulatory developments, and coordinates the production of the Board’s Annual Report and Annual Diversity Report. In addition, the Office conducts educational presentations for community organizations throughout the Commonwealth, ensures that all public Board meetings and hearings are livestreamed and archived for on-demand viewing, and works collaboratively with the Office of Information Technology to maintain and enhance the Board’s public-facing websites and other digital communication platforms.

During Fiscal Year 2025/2026, the Board continued to expand its digital communications strategy by enhancing its social media presence as a key platform for educating the public on gaming regulation, responsible gambling, consumer protection, and the economic benefits of legalized gaming in Pennsylvania. Social media content complemented traditional news releases by providing timely updates on Board actions while increasing public awareness of responsible gaming initiatives, enforcement activities, regulatory developments, and educational resources.

Gaming Laboratory Operations

The Board’s Office of Gaming Laboratory Operations (GLO) plays a critical role in protecting the integrity of legalized gaming by evaluating and approving the technology used throughout the Commonwealth’s gaming industry. Before any slot machine, table game, interactive gaming platform, sports wagering system, video gaming terminal (VGT), or other associated gaming equipment can be placed into service, it must undergo a comprehensive review and receive GLO approval. Through extensive testing of software, hardware, gaming systems, and associated equipment, GLO ensures all products comply

with the Gaming Act, Board regulations, and technical standards while promoting fair play, system integrity, and responsible gaming. GLO also works closely with authorized independent test laboratories to review software certifications submitted by licensed gaming manufacturers.

Regulatory assessments conducted by GLO encompass far more than technical compliance. Staff evaluate game functionality, system architecture, communication protocols, security features and game design to identify regulatory risks and to verify that gaming products operate as intended. These reviews help ensure that gaming systems accurately perform their approved functions, maintain the integrity of gaming operations, and provide a fair and transparent experience for patrons.

GLO also continued to improve the efficiency of its internal operations through improvements to its Gaming Lab Submission Management Application. The enhanced workflow system provides automated work queues, standardized workflow steps and priority tracking which enables staff to better manage product submissions, monitor review timelines and improve coordination throughout the evaluation process. These technological improvements have increased operational efficiency while supporting GLO’s ability to respond to the continued growth and evolution of Pennsylvania’s gaming industry.

During Fiscal Year 2025/2026, GLO completed 2,807 gaming product evaluations, ensuring each submission met all applicable statutory, regulatory and technical requirements before approval for use in Pennsylvania casinos, video gaming terminal establishments or interactive gaming environments. Additionally, GLO processed 185 revocations of previously approved gaming products, removing those products from authorized use within the Commonwealth when necessary to maintain regulatory compliance.

Data and Analytics

The Board's Office of Data and Analytics works collaboratively with all areas of the agency. Its role is to collect, validate, analyze and interpret data from a variety of regulatory and operational sources. Through the development of reports, dashboards, and performance metrics, the Office identifies trends, monitors industry activity, and evaluates regulatory outcomes. During, Fiscal Year 2025/2026, the Office of Data and Analytics developed new statistical dashboards, automated revenue reporting, improved licensing analytics, and supported responsible gaming analysis.

Licensure

The Board's Bureau of Licensing (BOL) is responsible for administering the licensing, permitting, registration and certification processes for individuals and entities participating in Pennsylvania's regulated gaming industry. The BOL reviews and processes applications submitted by casino operators, manufacturers, suppliers, gaming employees, interactive gaming and sports wagering certificate holders, fantasy sports contest operators, and other regulated individuals and entities. Working closely with the Bureau of Investigations and Enforcement, the Office of Enforcement Counsel, and other Board offices, the BOL ensures applicants satisfy all statutory and regulatory requirements before matters are presented to the Board for consideration. The Bureau also administers license renewals and issues gaming credentials.

During Fiscal Year 2025/2026, the BOL played an instrumental role in the opening of Happy Valley Casino by licensing more than 300 employees in advance of the property's opening. The BOL also facilitated the renewal of several major gaming licenses including Category 1 Slot Machine Licensees PID, LLC (Presque Isle Downs & Casino) and Greenwood Gaming and Entertainment, Inc. (Parx Casino), as well as Category 4 Slot Machine Licensee Mountainview Thoroughbred Racing Association, LLC (Hollywood Casino Morgantown). In addition, the Board renewed Sports Wagering Certificates for Wind Creek Bethlehem, LLC and Mountainview Thoroughbred Racing Association, LLC (Hollywood Casino Morgantown).

The BOL continued to utilize its interim authorization process for operators, manufacturers, and suppliers, enabling qualified applicants to commence operations after meeting specified regulatory requirements but prior to receiving full licensure.

Commissioners Sara Manzano-Díaz and María D. Quiñones Sánchez, joined by Director of Casino Compliance Gregg J. Hazzouri, touring the new Happy Valley Casino.

This process allows new gaming products and services to enter the Pennsylvania market more efficiently while maintaining the Board's rigorous regulatory standards. During the fiscal year, the Board issued 12 interim approvals and approved more than 10,600 licensing applicants. Additionally, the BOL collected more than \$6 million in application and licensing fees and produced nearly 9,000 gaming credentials, supporting the Commonwealth's expanding gaming industry while ensuring continued regulatory oversight.

Casino Compliance

The Board's Bureau of Casino Compliance (BCC) serves as the Board's regulatory presence within each of the Commonwealth's licensed casinos. Compliance Representatives are assigned to every casino on a 24-hour, seven-day-a-week basis to monitor gaming operations and ensure compliance with the Pennsylvania Race Horse Development and Gaming Act, Board regulations, and each casino's approved system of internal controls.

BCC personnel oversee the daily operation of slot machines, table games, poker rooms and gaming promotions while monitoring gaming transactions and other regulated activities to verify compliance with established operational controls. The BCC also assists in the resolution of patron complaints and disputes, and reviews operational changes within licensed facilities including gaming floor modifications, slot machine placements and relocations, surveillance coverage and the implementation of new table

games and gaming equipment.

BCC monitors security over the licensed facility, gaming equipment and monetary assets to ensure the highest level of gaming integrity, and it inspects gaming equipment to verify they are operating as intended and are accounted for on a real time basis. Through periodic inspections, both monetary and gaming equipment are verified for accuracy to ensure the appropriate amount of revenue is reported to the Department of Revenue for taxing purposes.

Furthermore, Compliance Representatives serve as a liaison with the Office of Compulsive and Problem Gaming and partnered closely with the Bureau of Gaming Operations to ensure that all problem gambling standards and internal controls are properly adhered to by casinos.

The BCC also monitors all video gaming terminals in truck stops across Pennsylvania, checking for compliance, conducting onsite inspections, checking for slot machine integrity, ensuring problem gaming information is posted and available, and verifying truck stop staff are properly licensed.

During Fiscal Year 2025/2026, the BCC played a significant role in several major regulatory initiatives. Compliance Representatives worked closely with casino personnel throughout the development and opening of Happy Valley Casino near State College, which commenced operations on May 27, 2026. Bureau staff monitored the construction and build-out of the gaming floor, including the placement of slot machines and table games, surveillance system installation and testing, and the inspection and operational

readiness of gaming equipment prior to the casino opening. The BCC also oversaw the implementation of table games at Parx Shippensburg Casino, which began offering table games in January 2026 following Board approval.

In addition to its operational oversight responsibilities, BCC personnel provided testimony during two casino license renewal hearings conducted by the Board. Compliance Representatives presented information regarding regulatory compliance and operational performance during the license renewal hearings for Live! Casino Philadelphia on August 13, 2025, and Hollywood Casino York on October 30, 2025.

Throughout the fiscal year, the Bureau maintained an active regulatory presence across all licensed casino facilities.

Gaming Operations

The Board's Bureau of Gaming Operations (BGO) supports the oversight of Pennsylvania's regulated gaming industry, with primary responsibility for land-based casino and iGaming operations, compliance reviews and operational audits. Through its iGaming, Compliance, and Audit Units, the BGO reviews internal controls, evaluates operational changes, monitors regulatory compliance, conducts audits, and works closely with gaming operators to ensure gaming activities are conducted in accordance with the Pennsylvania Race Horse Development and Gaming Act and Board regulations.

During Fiscal Year 2025/2026, the BGO continued to strengthen Pennsylvania's position as a national leader in iGaming regulation. A significant achievement was the implementation of enhanced Know Your Customer (KYC) requirements for all new iGaming accounts. The enhanced standards require identity document uploads, biometric "liveness" verification through selfie technology, enhanced multi-factor authentication and restrictions on certain payment methods, significantly strengthening player identity verification and fraud prevention.

BGO also supported the continued growth of the Commonwealth's iGaming industry by overseeing the launch of five new interactive gaming websites, one platform migration, two multi-state shared liquidity poker launches and four website closures during the fiscal year. The expansion of shared liquidity poker, including launches by DraftKings and FanDuel Poker, further enhanced the online gaming options available to Pennsylvania players while maintaining rigorous regulatory oversight. In addition, BGO supported the implementation of table games at Parx Casino

Shippensburg and the opening of Happy Valley Casino in State College.

The BGO’s Compliance Unit continued its extensive review of gaming operations by evaluating 1,023 internal control submissions, reviewing 664 table game submissions and 78 slot tournament submissions, for a total of 1,765 regulatory submissions during the fiscal year—an increase of 362 submissions compared to Fiscal Year 2024/2025.

The Audit Unit completed 19 compliance audits of both land-based and interactive gaming facilities and conducted audits of seven Local Law Enforcement Grant recipients to ensure compliance with Board requirements and the proper administration of grant funds. Through these activities, the Bureau of Gaming Operations continued to promote regulatory compliance, operational integrity, and public confidence across Pennsylvania’s gaming industry.

Sports Wagering

The Board’s Office of Sports Wagering (OSW) oversees and regulates all sports betting activities within the state.

OSW is committed to ensuring that the sports wagering industry complies with the Gaming Act and Board regulations which enhance the integrity of gaming within the Commonwealth. OSW continuously monitors sports wagering operations and enforces regulations. This proactive approach allows for the timely detection and resolution of any issues, fostering a trustworthy environment for all participants.

The OSW maintains oversight in several areas: reviewing reports for potential unusual or suspicious wagering activity; monitoring sports wagering internal control procedures; and, investigating hundreds of patron complaints from the general public. These functions ensure that sports wagering operators are in compliance with the Act, Board regulations,

and each licensee’s internal controls, thereby ensuring the continued success of sports wagering.

In addition, the OSW reviewed, evaluated, and approved over 300 types of sporting events and wagering options available to the public. OSW continues to make improvements to the process for reviewing submissions by utilizing analytical software. These enhancements have streamlined the review process to ensure compliance, while providing diverse wagering options to patrons.

In Fiscal Year 2025/2026, the OSW developed and launched a new system to receive, review, and address over 200 patron complaints. This new system greatly enhances productivity, ensuring all patron complaints are received and reviewed in a timely manner in order to address all concerns raised by the public which may be indicative of a potential regulatory violation.

The OSW continues to complete focused reviews of sports wagering activity within the state in order to track and monitor wagering results on major sporting events taking place throughout the year.

This fiscal year also included continuous improvements to the submission and review process of promotions. The OSW reviewed over 27,000 promotional offerings in 2025/2026.

Investigations and Enforcement

The Board's Bureau of Investigations and Enforcement (BIE), working closely with the Bureau of Licensing and the Office of Enforcement Counsel, plays an essential role in maintaining the integrity of Pennsylvania's gaming industry and protecting the public's interests. BIE focuses its work in the following primary areas:

- **Licensing Investigations:** BIE performs thorough background checks on individuals and businesses seeking gaming licenses, permits, certifications, or registrations. These investigations result in detailed reports assessing each applicant's qualifications and overall suitability.
- **Enforcement Investigations:** BIE examines non criminal regulatory violations involving licensed operators and other regulated individuals. This includes issues such as removing patrons involved in harmful or improper activities, addressing misconduct by casino employees, reviewing failures to properly notify the Board of required matters, and investigating incidents involving underage or self excluded individuals engaging in gaming.
- **Financial Investigations:** Through its Financial Investigations Unit (FIU), BIE reviews corporate compliance filings and evaluates the financial stability of licensees. The unit examines the backgrounds and financial dealings of key stakeholders and related entities to ensure they meet financial suitability requirements. These reviews often

identify matters that may require Board consideration.

The results of all BIE investigations are presented to the Board for determinations regarding suitability and any necessary enforcement actions.

Legal Matters and Hearings:

Three separate and distinct groups of attorneys, hearing officers and support staff work independent of each other within the PGCB, each with a unique role. Those teams fall under the Office of Chief Counsel, Office of Hearings and Appeals, and the Office of Enforcement Counsel.

Office of Chief Counsel

The Office of Chief Counsel (OCC) consists of a staff of thirteen individuals, including nine attorneys. It serves as counsel to the seven-member Board, as well as to the agency, providing an array of legal services in the areas of contracting, procurement, litigation, human resources, records retention, and any other administrative matter requiring legal advice and/or representation.

The OCC is also responsible for the drafting of all Board regulations and shepherding them through the promulgation process. It also houses the agency's Open Records Office and the Board's Office of Legislative Affairs.

The OCC's primary responsibility, however, is advising the Board on all matters coming before it for consideration (e.g. enforcement actions, petitions for relief and licensing matters) and, thereafter, representing the PGCB before the Commonwealth Court of Pennsylvania and/or the Supreme Court of Pennsylvania in any appeals of Board decisions.

During the last Fiscal Year 2025/2026, the OCC continued to see an increase in matters coming before the Board for consideration, with a steadily growing number of cases seeking to exclude people from online gaming in the Commonwealth who were involved in fraudulent online activity including, but not limited to, the use of stolen identities and credit card chargebacks after funds were wagered and lost. Additionally, the Board established a process by which patrons wrongly suspected of fraud, which had their accounts frozen by iGaming operators, could seek to recover their funds before they were confiscated by the operators.

This fiscal year also saw the explosive growth of "prediction markets," offering what essentially amounts to sports (and current event) wagering by entities not licensed or regulated by the PGCB. During the fiscal year, the U.S.

3rd Circuit Court of Appeals – whose decisions apply to Pennsylvania - decided that state regulators could not enjoin these prediction markets from operating in their jurisdictions because the Federal law under which they operate (the Commodity Exchange Act) likely preempted state law. The PGCB through the OCC has been in constant communication with various Congressional members and staff, as well as the Commodity Futures Trading Commission, seeking a change in Federal law, regulations and practices to address the situation and bring what, for all intents and purposes, is wagering back under state regulation.

The OCC has also begun the process of reviewing and bringing its regulations, many of which were drafted approximately 20 years ago, up to present day. Broad proposed revisions to both licensing and compulsive and problem gambling regulations were approved by the Board during Fiscal Year 2025-2026. The OCC has also been working with various bureaus throughout the agency to streamline outdated policies and practices, thereby making the agency, as a whole, more efficient.

Finally, with the Supreme Court of Pennsylvania's decision finding "skill games" to be slot machines under both the Gaming Act and the Crimes Code, the OCC ended the fiscal year with an uptick in requests from the media, the general public and members of the General Assembly to explain the ruling and what it could mean for the future of skill games in the Commonwealth, including the possible regulation thereof by the Board.

Office of Hearings and Appeals

The Board's Office of Hearings and Appeals (OHA) serves as a first point of contact to the agency for parties, applicants, licensees, permittees, persons registered or certified, and other persons seeking relief from the Board.

The OHA receives pleadings and maintains a docket of proceedings, schedules matters for hearings, and effectively manages case flow to ensure prompt action by the Board or its designee, among a host of other duties as required by the Pennsylvania Race Horse Development and Gaming Act (Act) and the Board's regulations promulgated thereunder, and as the Board may direct. The OHA consists of two Hearing Officers, a Board Clerk, and a Director who oversees operations. Hearing Officers focus on adjudication, conducting hearings and issuing Reports and Recommendations which include findings and conclusions

for all material issues of fact, law or discretion presented on the record for review and ultimate decision by the Board.

During Fiscal Year 2025/2026, the OHA received more than 3,600 filings, an increase from Fiscal Year 2024/2025. These filings led to a wide variety of Board-ordered relief, including the prosecution of violations of the Act and Board regulations, denial of Board credentials to unsuitable individuals, and the return of improperly confiscated funds to patrons, contributing to the Board's objective of protecting the public through the regulation and policing of all activities involving gaming and practices that continue to be unlawful.

The OHA conducted 124 hearings, also an increase from fiscal year 2024/2025. OHA continues to hold most hearings via video and telephone. OHA has found that the use of video and telephone hearings has increased participation in hearings requested by pro se individuals due to convenience, reduced time and cost associated with travel to hearings held in PGCB office buildings.

The Act requires the Board to hold a public input hearing in the municipality where the licensed facility is located to ensure that local individuals, community organizations, and government officials may provide comments to the Board about the casinos nearby in an accessible manner. Thus, the OHA held public input hearings in Philadelphia for Live! Casino Philadelphia in August 2025 and in York for Hollywood Casino York in October 2025 to fulfill the requirements of the Act associated with casino license application renewals.

Office of Enforcement Counsel

The Office of Enforcement Counsel (OEC) serves as a statutorily established and independent protector of the integrity of gaming in the Commonwealth of Pennsylvania. Its mission is to uphold the highest standards of regulatory compliance, ensure the suitability of all participants in the gaming industry and maintain public trust in the oversight framework established by the PGCB.

During the Fiscal Year 2025/2026, the OEC closed 3,469 regulatory matters. These actions encompassed a broad range of responsibilities, including licensing recommendations, enforcement initiatives, petition responses and financial fitness evaluations. This work spanned matters as complex as the examination of major mergers and acquisitions to those facilitating employment pathways for individuals seeking opportunities within Pennsylvania's gaming sector.

A central component of OEC's mandate is its rigorous pre-licensing review process, which ensures that individuals and entities entering the industry meet all statutory and regulatory requirements. Over the past fiscal year, the OEC advanced 1,599 pre-licensure cases, financial fitness reviews, demand letters and petition answers. Notably, this fiscal year marked the successful conclusion of a multi-year licensing process culminating in the opening of the Happy Valley Casino near State College.

In matters involving regulatory violations or misconduct, the OEC closed 1,870 post-licensure cases. These involved petition answers, issuance of warning or demand letters, complaints seeking license revocation or suspension, involuntary exclusion petitions, compliance conferences, and consent agreement negotiations. Through these actions, the OEC reinforced its commitment to firm, consistent, and transparent regulatory enforcement. As a result of the OEC's enforcement work, the Board ordered \$700,950 in civil penalties during the fiscal year.

Beyond direct regulatory and prosecutorial functions, the OEC continues to contribute to broader improvements within Pennsylvania's gaming industry. The OEC recommendations led to significant enhancements to industry "Know Your Customer" (KYC) protocols adopted by the PGCB, resulting in substantial reductions in fraud, identity theft, and bonus abuse within the iGaming sector. Additionally, the OEC's proposal to establish an interim authorization process has created a more efficient and streamlined mechanism for applicants awaiting licensure.

Working collaboratively with the Bureau of Investigations

and Enforcement and other PGCB bureaus, the OEC utilizes advanced investigative techniques, including video surveillance review, in-depth interviews, forensic accounting and technical analyses of gaming equipment. Investigations may arise from a single incident or expand into complex, multi-bureau inquiries initiated by patron complaints, audit findings, or licensee self-reporting—an affirmative obligation placed on all licensees under Pennsylvania law.

The Office of Enforcement Counsel remains steadfast in its responsibility to safeguard the integrity of gaming in the Commonwealth. Through diligent licensing review, rigorous enforcement, and proactive policy improvements, the OEC ensures that Pennsylvania's gaming industry operates responsibly, transparently, and in full compliance with the law.

Summary of OEC Activity	FY 25/26
Pre-Licensure Cases Closed:	1,599
Post-Licensure Cases Closed:	1,870
Consent Agreements Approved:	19
Fines and Civil Penalties Assessed:	\$700,950

OFFICE OF COMPULSIVE AND PROBLEM GAMBLING

The Board's Office of Compulsive and Problem Gambling (OCPG) continued to strengthen the Commonwealth's responsible gaming framework during Fiscal Year 2025–26 through regulatory modernization, public outreach, and expanded player protection initiatives. As legalized gaming continues to evolve across Pennsylvania, the OCPG remains committed to reducing gambling-related harm by promoting responsible gaming practices, increasing public awareness, and connecting individuals affected by gambling-related problems with the resources they need.

One of the OCPG's most significant accomplishments during the fiscal year was completing a comprehensive overhaul of the Board's Compulsive and Problem Gambling regulations. The proposed regulatory updates modernize requirements governing casino's and interactive gaming's Compulsive and Problem Gambling Plans, self-imposed interactive gaming limit reporting, responsible gaming advertising standards, and additional responsible gaming policies designed to enhance consumer protections. At the close of the fiscal year, the regulations were advancing through the Commonwealth's regulatory approval process.

The OCPG also continued to administer the Board's nationally recognized Self-Exclusion Programs, which allows individuals to voluntarily prohibit themselves from participating in legalized gaming activities in Pennsylvania. During Fiscal Year 2025–26, the OCPG processed approximately 14,200 self-exclusion requests, including approximately 9,700 new enrollments and 4,500 removal requests. The OCPG also reached a significant milestone by processing the 50,000th self-exclusion enrollment request since the program's inception. Today, approximately 30,000 individuals remain actively enrolled across the Board's four self-exclusion programs (casino, VGT, interactive, and fantasy contests), underscoring the program's continued importance as a responsible gaming resource.

Beyond administering the Self-Exclusion Programs, the OCPG worked collaboratively across the agency to strengthen responsible

gaming education and policy. The OCPG partnered with other Board offices to develop a new agency-wide compulsive and problem gambling training program for all Pennsylvania Gaming Control Board employees, ensuring that every employee understands the agency's role in promoting responsible gaming and assisting individuals who may be experiencing gambling-related harm.

The Board's Responsible Gaming Workgroup also continued to expand its efforts during the fiscal year by developing new responsible gaming initiatives and policy guidance that further enhance consumer protections and reinforce the Board's commitment to minimizing gambling-related harm throughout the Commonwealth.

Public education remained a cornerstone of the OCPG's mission. OCPG staff participated in 15 outreach events, including senior expos, health fairs, conferences, and community events, providing educational materials and information about responsible gaming resources and treatment options. In March 2026, the OCPG also joined its longstanding partners—including the Pennsylvania Department of Drug and Alcohol Programs (DDAP), the Pennsylvania Lottery, and the Compulsive and Problem Gambling organizations across the Commonwealth—to recognize Problem Gambling Awareness Month, promoting statewide awareness of responsible gaming practices and encouraging individuals and families to seek help when needed.

Through regulatory leadership, public education, interagency collaboration, and administration of the Self-Exclusion Programs, the Office of Compulsive and Problem Gambling continues to advance the Pennsylvania Gaming Control Board's mission of ensuring that legalized gaming in the Commonwealth is conducted responsibly while providing meaningful support and resources to those affected by gambling-related harm.

10 RULES OF RESPONSIBLE GAMBLING

- 1. If you choose to gamble, do so for entertainment purposes. If your gambling is no longer an enjoyable activity, then ask yourself why you are still “playing”.**
- 2. Treat the money you lose as the cost of your entertainment. Treat any winnings as a bonus.**
- 3. Set a dollar limit and stick to it. Decide before you go not only what you can “afford” to lose, but how much you want to spend. Do not change your mind after losing.**
- 4. Set a time limit and stick to it. Decide how much of your time you want to allow for gambling. Leave when you reach the time limit whether you are winning or losing.**
- 5. Expect to lose. The odds are that you will lose.**
- 6. Make it a private rule not to gamble on credit. Do not borrow money to gamble.**
- 7. Create balance in your life. Gambling should not interfere with or substitute for friends, family, work or other worthwhile activities.**
- 8. Avoid “chasing” lost money. Chances are the more you try to recoup your losses, the larger your losses will be.**
- 9. Don’t gamble as a way to cope with emotional or physical pain. Gambling for reasons other than entertainment can lead to problems.**
- 10. Become educated about the warning signs of problem gambling. The more you know, the better choices you can make.**

PUBLIC MEETINGS & EXECUTIVE SESSIONS

The Pennsylvania Gaming Control Board convenes public meetings monthly to conduct its business and render decisions on applications, petitions and reports and recommendations. In order to complete its work timely and efficiently, the Board may convene more than one public meeting during a single month. It is customary for the Board to conduct an executive session the day prior to a public meeting for the purpose of discussing matters confidential under the state's Sunshine Law.

An agenda is prepared for these executive sessions, and the agenda is posted to the Board's website prior

to that meeting. Additionally, the Board may consider matters that necessitate a hearing and these matters are conducted immediately prior to a scheduled public meeting. When the hearing is concluded, the Board's Chair may call for an executive session to engage in quasi-judicial deliberations regarding the matters which were the subject of the hearing. A log of executive sessions held by the Board during fiscal year 2025/2026, including reference to the agenda posted on the Board's website, is set forth below:

GAMING REVENUE OVERVIEW

Pennsylvania's gaming industry continued to achieve record levels of revenue and taxes while demonstrating the benefits of a diversified gaming market. Traditional casino gaming remained the cornerstone of the Commonwealth's gaming industry, while internet gaming (iGaming) continued its rapid expansion. Additionally, Sports Wagering, Video Gaming Terminals at Truck Stops (VGTs), and Fantasy Sports Contests each contributed to legalized gaming market that generated billions in economic activity and substantial tax revenue for the Commonwealth.

Gaming revenue from retail casino slot machines and table

Summary of Total Revenue/Tax by Fiscal Year

Fiscal Year	Total Revenue	Taxes/Fees
FY06/07	\$454,579,636	\$251,058,772

FY13/14	\$3,051,765,460	\$1,393,928,308
FY14/15	\$3,115,525,984	\$1,408,275,410
FY15/16	\$3,227,835,635	\$1,444,314,755
FY16/17	\$3,202,671,328	\$1,425,022,612
FY17/18	\$3,249,949,311	\$1,389,985,513
FY18/19	\$3,309,766,175	\$1,490,872,016
FY19/20	\$2,724,785,117	\$1,223,665,601
FY20/21	\$3,874,923,386	\$1,693,642,159
FY21/22	\$5,042,967,392	\$2,162,630,478
FY22/23	\$5,513,762,017	\$2,369,249,258
FY23/24	\$5,892,516,807	\$2,541,248,894
FY24/25	\$6,394,641,819	\$2,797,395,983
FY25/26	\$7,005,987,435	\$3,098,193,583

games, iGaming, Sports Wagering, VGTs and Fantasy Sports Contests totaled \$7,005,987,435, establishing a new fiscal year record for the Commonwealth. Additionally, the

record gaming activity generated \$3,098,193,583 in tax revenue and fees for the Commonwealth, also a record high.

Revenue generated through legalized gaming continues to provide significant funding for property tax reduction, local governments, economic development initiatives, and other programs established by law.

Retail Casinos

Fiscal Year 2025/2026 gross revenue from retail casinos was \$3,349,937,074, a slight decrease of 0.58% in revenue when compared to the \$3,369,390,707 generated in Fiscal Year 2024/2025.

Internet Gaming (iGaming)

Fiscal Year 2025/2026 revenue from iGaming was \$2,933,453,989, an 18.42% increase in revenue when compared to the \$2,477,083,825 generated in Fiscal Year 2024/2025.

Sports Wagering

Fiscal Year 2025/2026 revenue from sports wagering was \$662,947,631, a 35.95% increase in revenue when compared to the \$487,639,844 generated in Fiscal Year 2024/2025.

Video Gaming Terminals at Truck Stops

Fiscal Year 2025/2026 revenue for Video Gaming Terminals at Truck Stops was \$41,622,548, a 0.55% increase when compared to the \$41,392,843 in Fiscal Year 2024/2025.

Fantasy Sports Contests

Fiscal Year 2025/2026 revenue from fantasy sports contests was \$18,026,193, a 5.79% decrease in revenue when compared to the \$19,134,601 generated in Fiscal Year 2024/2025.

RETAIL CASINO GAMING

Retail casino gaming remained the Commonwealth's largest source of gaming revenue during Fiscal Year 2025/2026. Combined revenue from retail slot machines and table games totaled \$3,349,937,074.

Retail slot machines generated \$2,440,995,939, essentially matching the previous fiscal year's performance with a modest 0.02% increase. Slot machines play generated \$1,343,866,398 in tax revenue, including mandated fees paid by certain operators.

Retail table games produced \$908,941,135 in gross

revenue, representing a 2.15% decrease compared to Fiscal Year 2024/2025. Tables Games play generated \$153,908,255 in tax revenue.

There are currently 18 retail casinos in Pennsylvania. Pennsylvania's retail casino market expanded during the fiscal year when Happy Valley Casino, a Category 4 casino located near State College, opened on May 2026, with 600 slot machines and 30 table games. In addition, Parx Casino Shippensburg expanded its gaming offerings by introducing six retail table games in January 2026.

Retail Casino Revenue/Tax Generated in FY 2025/2026

INTERNET GAMING (IGAMING)

Internet gaming offering casino-type games such as slot machines, table games and poker continued to be Pennsylvania's fastest-growing gaming sector during Fiscal Year 2025/2026. Gross revenue reached a record \$2,933,453,989, an 18.42% increase over the \$2,477,083,825 generated during the previous fiscal year.

iGaming generated \$1,337,414,660 in tax revenue, making it the Commonwealth's second-largest source of gaming tax revenue.

The online gaming market continued to evolve throughout the year with the launch of five new gaming platforms, including Monopoly Casino, Imperial Treasures, Resorts Casino, Wind Creek, and FanDuel poker. The Commonwealth also expanded participation in shared-liquidity online poker through the addition of DraftKings and FanDuel. During the fiscal year, one operator migrated platforms, while four online gaming brands ceased operations, reflecting the continued maturation and evolution of Pennsylvania's competitive iGaming marketplace.

SPORTS WAGERING

Sports wagering established a new record with \$662,947,631 in gaming revenue, a 35.95% increase over Fiscal Year 2024/2025.

Despite the increase in revenue, total handle declined from \$8.72 billion during Fiscal Year 2024/2025 to \$8.45 billion during Fiscal Year 2025/2026, demonstrating a higher hold percentage when compared to the prior year.

Online sports wagering remains the primary driver of sports

wagering activity, accounting for 95% of all wagers placed during Fiscal Year 2025/2026.

During the Fiscal Year, one online sportsbook rebranded from ESPNBET to theScore Bet.

Sports wagering operators in Pennsylvania, who operate under existing casino licenses, are currently authorized to offer wagering on more than 50 different sports at the professional and collegiate levels.

VIDEO GAMING TERMINALS AT TRUCK STOPS

Video Gaming Terminals at Truck Stops (VGT) generated \$41,622,548 in total gaming revenue during Fiscal Year 2025/2026. This activity produced \$17,481,470 in state tax revenue and an additional \$4,162,255 in local share assessments. Compared to the previous fiscal year, VGT gaming revenue increased by \$229,705, or 0.55%, while state tax revenue rose by \$119,447.

As of the close of Fiscal Year 2025/2026, 71 licensed Truck Stop Establishments in 32 Pennsylvania counties were authorized to operate VGTs. During the fiscal year, three new VGT establishments commenced operations while eight facilities ceased operations, resulting in a net decrease of five licensed locations.

More than 1,700 individuals have been licensed, permitted, or registered by the Board to perform duties related to the operation, maintenance, and oversight of VGT gaming throughout the Commonwealth.

The Board conducts routine inspections of every licensed VGT establishment to ensure compliance with statutory and regulatory requirements. These inspections verify that all personnel possess the appropriate credentials and have completed the required responsible gambling training. Inspectors also confirm that each VGT area remains physically separated from the remainder of the establishment, provides a single point of entry and exit, and is monitored by a comprehensive surveillance camera system.

VGTs at Truck Stop Establishments may be operated only by Board-licensed Terminal Operators. At the close of Fiscal Year 2025/2026, 14 Terminal Operators were licensed by the Board, with four actively operating VGTs at qualified Truck Stop Establishments across Pennsylvania.

DIGITAL MEDIA PUBLIC OUTREACH

Throughout Fiscal Year 2025–26, the PGCB expanded its digital communications program to deliver timely regulatory information, consumer education, and responsible gaming messaging through an integrated mix of organic social media, paid advertising, and targeted public awareness campaigns. Content informed Pennsylvanians about PGCB meetings, licensing actions, enforcement efforts, gaming revenue, consumer alerts, and other regulatory developments while making complex gaming topics more accessible to the public. This coordinated approach strengthened transparency, expanded public engagement, and reinforced the Board's role as the Commonwealth's trusted source for gaming information.

Responsible gaming and underage gambling prevention remained central to the PGCB's communications strategy throughout the fiscal year. The Board comprehensively refreshed its What's Really at Stake? campaign with updated branding, creative assets, and audience-focused messaging designed to better engage college students, campus communities, and individuals below the legal gambling age. Through

targeted outreach, the campaign increased awareness of the risks associated with underage gambling while directing audiences to prevention resources and support services. Complementing these efforts and in concert with the agency's Office of Compulsive and Problem Gambling, the PGCB promoted its Self-Exclusion Program, responsible gaming tools available through Pennsylvania's licensed gaming operators, and other resources that encouraged informed decision-making and responsible play.

By integrating paid and organic media into a unified communications program, the Board increased the visibility and impact of its public education initiatives while advancing its mission of ensuring gaming in the Commonwealth is conducted with integrity, transparency, and accountability. The Board also broadened its outreach efforts through the introduction of a podcast, "Behind the Bets in PA" that is available both as an audio show and video YouTube series, to provide greater transparency into the regulation of gaming in the Commonwealth.
