The Pennsylvania Gaming Control Board (“PGCB”) is pleased to publish its nineteenth annual Diversity Report.

Pursuant to §1212 of the Pennsylvania Race Horse Development and Gaming Act (“Act”), the PGCB is charged with promoting and ensuring diversity in all aspects of legalized gaming. The PGCB developed rules and regulations, 58 Pa. Code §481a, to achieve its objectives. The diversity regulations established policies and procedures to promote and ensure that the licensed entities under the jurisdiction of the PGCB support participation and fairness in all aspects of their operations in the Commonwealth.

This report provides an update regarding the PGCB’s ongoing efforts to oversee the operations of Pennsylvania’s licensed gaming facilities (“casinos”). These initiatives align with the Commonwealth’s goals of promoting greater representation of diverse groups within the gaming industry and creating valuable employment opportunities for its residents. Sections 13A04, 1325, and 1510 of the Act mandate that casinos prioritize hiring local candidates in their recruitment practices. Over the years, as Pennsylvania’s gaming industry has evolved, diversity has consistently been a fundamental pillar of the agency’s mission. Despite changes to the Act, casino ownership, casino executive management, or within the PGCB, diversity has remained a significant aspect of the entire industry, and it continues to be a priority.

The casinos remain deeply committed to attracting and retaining exceptional employees through competitive compensation packages and meaningful opportunities for professional growth. Recruitment and hiring procedures emphasize both skill and potential, identifying individuals who excel in a high performance environment. Once on-board, employees benefit from structured training, mentorship, and leadership development programs that refine their skills and support long term career progression. Each casino’s “promote-from-within” philosophy reinforces a culture of advancement, offering well-defined pathways for internal mobility and leadership development. Succession planning is methodically woven into workforce strategies, ensuring that prospective leaders are prepared to assume key responsibilities and guide the future success of the industry.

On June 30, 2026, the licensed casinos/resorts employed a total of 15,242 individuals. Residents of the Commonwealth comprised 90% of the casinos’ workforce. Approximately 42% of the employees were female, and 42% of those employed at the casinos were racial minorities. Executive/Management/Professional Staff at the casinos consisted of 2,359 individuals. Of this total, 39% were female and 28% were racial minorities. Additionally, the casinos continue to exceed the Commonwealth’s goal for table games employment. Pennsylvania residents currently make up 86% of casino table games employees.

The casinos remain steadfast in their commitment to expand opportunities for small and diverse businesses, even as they navigate supply-chain disruptions, inflation, tariffs, and rising labor costs. Procurement professionals at the casinos have enhanced their internal systems and protocols to support these efforts. They have updated supplier databases to better identify and match minority, women, diverse, and small business entities with purchasing opportunities; maintained prompt-payment practices that strengthen cash flow for smaller vendors; simplified bidding and contracting protocols; and provided guidance and structure through targeted mentorship initiatives. These enhancements have reinforced operational efficiency and improved quality outcomes. The casinos continue to demonstrate sustained support for organizations that strengthen supplier capabilities and expand economic opportunities, including, but not limited to the Minority Supplier Development Council; the Women’s Business Enterprise Center East; the Pennsylvania Department of Community & Economic Development; the Pennsylvania Department of General Services’ Bureau of Diversity, Inclusion & Small Business Opportunities; and regional Chambers of Commerce. Expenditures for each property are available on the pages that follow.

The commitment of the casinos to corporate social responsibility is reflected in their sustained investment in charitable initiatives and community partnerships. Through strategic benevolence, volunteer engagement, and long standing support for organizations that strengthen the social and economic fabric of the region, the casinos consistently demonstrate their dedication to improving lives and expanding opportunities. Since 2006, the casinos have made substantial contributions exceeding \$241 million towards philanthropic endeavors.

The PGCB is dedicated to overseeing the activities of the Commonwealth’s licensed casinos to promote diversity and ensure compliance with the Act.
